Ike Offers To Meet Kennedy Any Time To Map Changeover

On Cold War Problems

Kennedy Charts Answer To Note Of Red Premier

HYANNIS PORT, Mass. (AP)—John F. Kennedy, president-elect for less than 24 hours, prepared today to answer a telegram from Soviet Premier Khrushchev about cold war problems and renewed efforts to ease them.

Khrushchev's message reached Kennedy only a few hours after the senator's election as president became definite.

Kennedy also was drafting a reply to a second telegram from President Eisenhower. It dealt with the problem of setting up liaison for the administration and Kennedy between now and the time when Kennedy takes office next January.

The senator's press secretary, Pierre Salinger, said Kennedy expected to answer both messages today.

At the same time, Kennedy's aides were working out arrangements for him to go to Palm Beach, Fla., to rest for 10 days to two weeks. Salinger said Kennedy might leave Hyannis Port, his summer home, on Friday.

Khrushchev's telegram appeared to indicate a desire for direct discussions between the United States and the Soviet Union on the most dangerous world problems.

"I think you will agree that the eyes of many people are fixed on the United States and the Soviet Union because the destinies of world peace depend largely on the state of Soviet-American relations," Khrushchev said.

He referred to disarmament and the question of a peace treaty with Germany as major questions. "We are ready, for our part, to continue efforts to solve such pressing problems," Khrushchev messaged.

He congratulated Kennedy on winning the presidency and said "We hope that while you are at this post the relations between our countries will again follow the line along which they were developing in Franklin Roosevelt's time."

On the matter of "orderly transition of government" the procedure is for the president-elect to appoint a representative to meet regularly with administration officials on current developments. This representative keeps the incoming president advised.

Kennedy said he would "announce within 24 hours arrangements with the administration with regard to the transitions."

But he said he would make no arrangements of appointments to his administration before Thanksgiving.

In 87th Congress

Kennedy's Plans Face Big Hurdles

WASHINGTON (AP) — President-elect John F. Kennedy's promised package of economic-welfare measures will face a number of tough hurdles in the first session of the 87th Congress.

But the new chief executive also will have several things in his favor as he tries to put through four proposals which he repeatedly told his campaign crowds would be high on the agenda of a Kennedy administration.

The four are minimum wage liberalization, a medical care program tied to the Social Security system, federal aid to education, and depressed areas legislation.

These have been debated for years; all were hot issues in the last Congress, but failed of enactment because of vetoes or a legislative snarl or just plain lack of votes.

On the debit side for Kennedy in his drive to win passage of the measures will be:

1. The closeness of his popular vote victory, which foes of the measures can interpret as meaning he has no mandate for his program.

2. The falling off of Democratic majorities in both Senate and House.

3. The stiff opposition of many groups and particular economic interests to the four measures; this has contributed heavily to their defeat so far.

4. The likelihood of a continued conservative Democratic - Republican majority on the House Rules Committee. This body has wide roadblock powers, but efforts may be made to trim these when the new Congress meets.

On the credit side:

1. The important powers of a new president, which Kennedy has had a chance to study from the congressional viewpoint for 14 years. These include the appointive power and the job of drawing up the federal budget with all its far-reaching ramifications.

2. The affirmative White House leadership which Kennedy will give in behalf of the measures, in contrast to President Eisenhower's opposition to them.

3. The switch in the chairmanship of the House Labor and Education Committee from conservative Rep. Graham Barden D-N.C., to liberal Rep. Adam Clayton Powell R-N.Y. This committee handles the wage and school bills. Barden is retiring from Congress.

Depressed areas legislation would seem to have the best chance of quick action in the 1961 session. Democrats got such a measure through in 1958 and 1960 but Eisenhower each time killed it with a veto.

The legislation is designed to help areas of high and chronic unemployment attract new industries with federal loans, grants and technical aid.

The new Senate will be 64-36 Democratic instead of 66-34 as in the past Congress. In the House, the Democrats apparently lost a net of 22 seats. With 5 races undecided, the lineup so far for the 87th Congress is 257-175 Democratic as compared with 283-154 in the 86th.

Moscow Friendly, Peiping Hostile

Communist Giants Split In Reaction To Kennedy

LONDON (AP)—The giants of the Communist world split today in their reaction to the election of John F. Kennedy. Moscow was friendly, Peiping hostile.

While most of the Free World looked to the U.S. president-elect for dynamic new leadership, Soviet Premier Khrushchev fired off a congratulatory telegram to Kennedy declaring readiness for "most friendly relations" and proposing negotiations on disarmament, Germany and other cold war issues.

Khrushchev, who blamed President Eisenhower for the U2 incident and collapse of the Paris summit, said he hoped Soviet-American relations "will again follow the line along which they were developing in Franklin Roosevelt's time."

Red China's official New China news agency, however, described the president-elect as a member of one of America's richest families and called him an advocate of military spending and war preparations.

The comment made clear that the election has not altered Peiping's hate-America policy.

The differing Red reactions reflected the Moscow-Peiping argument over peaceful coexistence—with Khrushchev holding that war is not inevitable because communism can triumph by peaceful competition, and the Red Chinese arguing that "just wars" are inevitable as long as capitalism exists.

Moscow's Pravda, the communist party newspaper, claimed American voters had rejected Vice President Richard M. Nixon because Republican policy had not conformed to "the interests of safeguarding peace." Moscow radio said some observers believed the new administration would make a "more realistic appraisal of the international situation."

The election of the first Roman Catholic president was received with satisfaction at the Vatican.

Kennedy's Popular Vote Edge Fading

Holds 300 Electoral Votes, Prepares To Take Over Jan. 20

WASHINGTON (AP)—Despite a dwindling popular margin from a record voter turnout, Sen. John F. Kennedy held 300 electoral votes today as he prepared to take over the presidency 71 days hence.

With counting continuing in California and Alaska, Kennedy had captured 22 states with 300 electoral votes—31 more than the needed 269. Vice President Richard M. Nixon took control in 25 states with 188 votes. Eight electors in Mississippi and six in Alabama were not committed.

But in the popular vote, Kennedy held a margin of less than 325,000 votes in a tally of more than 66 million for the major party candidates. With returns yet to come and tallies for minor parties, it appeared that Kennedy's presidential victory might come on less than a majority of the popular vote cast. His 50.2 per cent of the popular vote made it the tightest election since the first Benjamin Harrison-Grover Cleveland race in 1888. Republican Harrison won an electoral victory then while running more than 100,000 behind in popular vote.

Plans already were under way for Kennedy representatives to work with administration officials in arranging for the changeover next Jan. 20.

Foreseeing a "difficult and challenging" period during the next four years, Kennedy said Wednesday that "there is general agreement by all our citizens that a supreme national effort is needed to move this country through the 1960s."

"All of our energies will be devoted to the interests of the United States and the cause of freedom around the world."

Working with him will be a Democratic-controlled Congress in which, however, Republicans will show some gains over the present lineup. For the last six years, Congress and the White House have been controlled by different parties.

Tuesday's election provided a Senate makeup of 64 Democrats and 36 Republicans to replace the 66-34 division of the present Senate. With tabulations in five House races incomplete, the Democrats had elected 257 members and the Republicans 175. The old lineup, including vacancies, was 283-154. The Republicans had gained 22 seats.

But the Democrats registered a net gain of one among state governors, raising their statehouse total to 34—their highest since 1938. Of the 27 state posts at stake, Democrats won 15 and the Republicans 12, with political changes taking place in 13 states. Six incumbents were defeated.

Kennedy has said he will wait at least two weeks before designating any of the top officials who will make up his administration.

But he will need to designate soon the man he expects to step into the shoes of Christian A. Herter as secretary of state. Among those mentioned for this role are Adlai E. Stevenson, Rep. Chester Bowles of Connecticut, Chairman J. William Fulbright D-Ark., of the Senate Foreign Relations Committee and the former New York governor, W. Averell Harriman.

Clark Gable's Condition Reported Satisfactory

HOLLYWOOD (AP) — Actor Clark Gable was reported in satisfactory condition Wednesday night in Hollywood Presbyterian Hospital where he is recuperating from a heart attack.

Gable, 59, still is not allowed visitors. He spent an uncomfortable day Tuesday, friends said, but had less discomfort Wednesday.

The longtime king of the movies suffered the attack last Saturday.

President Declares He Stands Ready To Consider Problems

AUGUSTA, Ga. (AP) — President Eisenhower offered today to meet with President-elect John F. Kennedy "at any mutually convenient time" to arrange an orderly transfer of governmental power.

The President also said he would welcome meetings between designated Kennedy representatives and those of the Eisenhower administration, particularly Secretary of State Christian A. Herter.

In a message sent from his vacation headquarters, Eisenhower suggested that Kennedy send an aide to meet with the White House chief of staff, Wilton B. Persons, to make the arrangements.

"I would like you to know that I stand ready to meet with you at any mutually convenient time to consider problems of continuity of government and an orderly transfer of executive responsibility on January 20 from my administration to yours," the President said.

Eisenhower sent this message Wednesday in a telegram to Kennedy at his Hyannis Port, Mass., headquarters. Press secretary James Hagerty made it public this morning after an expected Kennedy reply had not arrived in time to be released simultaneously with the President's wire.

Hagerty told newsmen he understood Kennedy's answer—presumably an acceptance of Eisenhower's offer—would be released as soon as it is received sometime during the day.

Hagerty said he had told Pierre Salinger, Kennedy's press representative, in a telephone conversation this morning that he was going ahead with his plan to make public the President's message. Hagerty said he did not know the reason for Kennedy's delay.

In urging advance consultation on foreign policy, Eisenhower told Kennedy: "The secretary of state will be prepared for meetings to provide information on foreign policy activities on which there will be special need for continuity after you shall have had the opportunity, after inauguration, to arrange these matters to your satisfaction."

The President is known to be especially anxious to keep Kennedy up to date on all developments involving the future of Berlin, disarmament and a possible East-West summit conference.

Eisenhower also hoped that Kennedy would name his secretary of state within a few weeks so that he could work with Herter in the days before the Democrats take over the government.

Eisenhower already has directed his 10-man team of Cabinet officers, plus the heads of 20 key agencies, to cooperate closely with Kennedy's official staff.

In the 71 days remaining before Kennedy becomes president, however, his men will not join in policy making. Hagerty said Eisenhower intends to remain fully responsible for all decisions until the moment Kennedy is sworn in.

Salineville Man's Car Damaged In Another County Road Mishap

An elderly Rogers area woman was injured in a car-truck mishap on Route 7 near Rogers Wednesday afternoon and a Salineville man's car was damaged when it smashed into guardrails on Route 39 near Salineville yesterday.

The State Highway Patrol at Lisbon said a car driven by John C. Gibson, 43, of Rogers R. D. 1, headed south, was struck from behind by a tractor-trailer truck operated by Ray Williams, 32, of Moundsville, W. Va., at 3:15 p. m. about 2 miles south of Rogers.

Gibson was slowing to make a turn onto Township Rd. 891, officers said. Lillian Gibson, 78, of Rogers R. D. 1, a passenger in the car, suffered a neck injury, the patrol reported.

Williams was charged with failure to stop in the assured clear distance.

Charles E. Mundy, 59, of 76 W. Main St., Salineville, escaped serious injury when his car went off Route 39 at a curve about a fifth of a mile east of Salineville at 3:55 p. m.

The patrol said the 1957 sedan went off the south edge of the pavement and then over an embankment, tearing out two posts and 30 feet of wooden guardrails.

Couple Pleads Innocent

Man And Woman Held On Numbers

An alleged woman numbers writer and a local pickup man, nabbed by police yesterday afternoon, are scheduled for Municipal Court hearings next Wednesday at 9:30 a. m.

Working as a team, Patrolmen Paul Carter and W. E. McDaniel arrested Mrs. Sarah Parr, 403 Jackson St., on charges of illegal possession of numbers slips, and charged Otto Stockdale, 223 W. 8th St., with possession of numbers slips and a separate count filed under state law alleging he set up and promoted a lottery.

Both pleaded not guilty when arraigned about 3:30 before Judge Samuel M. Chertoff. He fixed Mrs. Parr's bond at $500. Stockdale's bond was set at $500 on the numbers slip charge and $250 on the lottery promotion charge. Both were released after posting the sureties.

Stockdale and Mrs. Parr were represented at arraignment by Atty. Don Smith. Police said Mrs. Parr is known by the alias "Sarah Green."

Judge Chertoff cautioned the pair that they will be brought to court again and required to post higher bonds: "If I hear that you plan to do what one of your former colleagues did."

The judge was referring to Harry R. (Nig) Johnson of Baum St., who skipped a $500 bond last August while awaiting a hearing on possession of numbers slips.

Johnson was released on bond after he pleaded for an opportunity to undergo a physical examination to back up his claim of ill health. But he failed to return to court for the scheduled hearing and police efforts to locate him since have been unsuccessful.

Police said Mrs. Parr was seen to pass an envelope to Stockdale, who halted his car in front of her home about 2:15. A short time later, Stockdale was taken into custody by Officer Carter, who halted the suspect's car on Park Way. A search turned up $113 and a large quantity of alleged numbers slips in the locked trunk of Stockdale's car, police said.

When Officer Carter arrived at headquarters with Stockdale, Officer McDaniel placed Mrs. Parr under arrest.

The charges of possession of numbers slips both are based on a so-called "tough" anti - lottery law that went into effect early in 1960.

They allege that the defendants "knowingly" had in their possession and under their control "certain slips of paper representing recording of wagers upon the 'numbers game'."

The second charge against Stockdale alleges that he "unlawfully, as an agent, carried on and set on foot a scheme of chance known as the 'numbers game' by picking up and having in his possession slips of paper with numbers thereon to be used in carrying on and promoting said numbers game."

Despite Nixon Loss In New York

Rockefeller May Emerge As GOP's 1964 Contender

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller, who failed to carry his home state for the Republican standard - bearer this week, nevertheless appears certain to emerge as a contender for the Republican nomination for president in 1964.

Vice President Richard M. Nixon lost New York by 400,000 votes, although President Eisenhower carried it by 1.5 million in 1956 and Rockefeller was elected by more than a half-million votes two years ago.

Despite the handicaps, Rockefeller is in position to move into national leadership.

He established himself as a dominant influence in party affairs last summer when he prevailed upon Nixon to incorporate a large portion of the Rockefeller views in the GOP national platform.

Rockefeller would have two major barriers to assuming control of GOP national affairs: home-front problems and the animosity of the conservative Republican bloc.

Sen. Barry Goldwater of Arizona, a leader of the conservative element in the GOP, told a reporter at Phoenix, Ariz., Wednes-

Judge Refuses To Cut Charge In Gas Theft

Suspect Bound Over For Grand Jury As Bond Is Continued

The last of three suspects taken into custody in mid-October for alleged wholesale theft of gas from the American Oil Co. terminal on the River Rd. was bound over to the Grand Jury late this morning after a 70-minute preliminary hearing before Municipal Judge Samuel M. Chertoff.

James Ronald Glover, 104 Church St., Chester, was held to the higher court after a hearing that was occupied principally by his counsel's argument that the charge should be reduced from grand larceny to petty larceny.

Principal witness for the prosecution was Cpl. W. E. Cutting, one of the plainclothes State Highway Patrol investigators sent to East Liverpool to probe the source of large quantities of allegedly untaxed gasoline on the area market.

Cpl. Cutting filed the charge against Glover, alleging specifically that he stole 500 gallons of gasoline from the terminal on Oct. 19. Judge Chertoff continues Glover's $1,500 bond which he posted at the time charges were filed against him last month.

Atty. George A. Aronson appeared for the defense and Solicitor Joseph W. Cooper conducted the prosecution, along with Asst. Solicitor Richard J. Clark.

Cpl. Cutting testified that Glover furnished a signed statement to the investigators when he was questioned at the patrol barracks near Lisbon shortly after his arrest. He said he took Glover into custody at 10:40 p. m. Oct. 19 on Washington St. Glover was driving a truck which had been used earlier in theft of gasoline from the terminal, the corporal testified.

In response to a question by the solicitor, Cpl. Cutting said Glover "described his operations in detail."

"He said he would pull the truck into the terminal and an individual would whistle for him to halt," the corporal said. "When the truck was filled, the individual would whistle again and he would pull away."

The corporal did not name the

Kennedy's Popular Vote Edge Fading

Holds 300 Electoral Votes, Prepares To Take Over Jan. 20

WASHINGTON (AP)—Despite a dwindling popular margin from a record voter turnout, Sen. John F. Kennedy held 300 electoral votes today as he prepared to take over the presidency 71 days hence.

With counting continuing in California and Alaska, Kennedy had captured 22 states with 300 electoral votes—31 more than the needed 269. Vice President Richard M. Nixon took control in 25 states with 188 votes. Eight electors in Mississippi and six in Alabama were not committed.

But in the popular vote, Kennedy held a margin of less than 325,000 votes in a tally of more than 66 million for the major party candidates. With returns yet to come and tallies for minor parties, it appeared that Kennedy's presidential victory might come on less than a majority of the popular vote cast. His 50.2 per cent of the popular vote made it the tightest election since the first Benjamin Harrison-Grover Cleveland race in 1888. Republican Harrison won an electoral victory then while running more than 100,000 behind in popular vote.

Plans already were under way for Kennedy representatives to work with administration officials in arranging for the changeover next Jan. 20.

Foreseeing a "difficult and challenging" period during the next four years, Kennedy said Wednesday that "there is general agreement by all our citizens that a supreme national effort is needed to move this country through the 1960s."

"All of our energies will be devoted to the interests of the United States and the cause of freedom around the world."

Working with him will be a Democratic-controlled Congress in which, however, Republicans will show some gains over the present lineup. For the last six years, Congress and the White House have been controlled by different parties.

Tuesday's election provided a Senate makeup of 64 Democrats and 36 Republicans to replace the 66-34 division of the present Senate. With tabulations in five House races incomplete, the Democrats had elected 257 members and the Republicans 175. The old lineup, including vacancies, was 283-154. The Republicans had gained 22 seats.

But the Democrats registered a net gain of one among state governors, raising their statehouse total to 34—their highest since 1938. Of the 27 state posts at stake, Democrats won 15 and the Republicans 12, with political changes taking place in 13 states. Six incumbents were defeated.

The State Highway Patrol at Lisbon said a car driven by John C. Gibson, 43, of Rogers R. D. 1, headed south, was struck from behind by a tractor-trailer truck operated by Ray Williams, 32, of Moundsville, W. Va., at 3:15 p. m. about 2 miles south of Rogers.

Gibson was slowing to make a turn onto Township Rd. 891, officers said. Lillian Gibson, 78, of Rogers R. D. 1, a passenger in the car, suffered a neck injury, the patrol reported.

Williams was charged with failure to stop in the assured clear distance.

Charles E. Mundy, 59, of 76 W. Main St., Salineville, escaped serious injury when his car went off Route 39 at a curve about a fifth of a mile east of Salineville at 3:55 p. m.

The patrol said the 1957 sedan went off the south edge of the pavement and then over an embankment, tearing out two posts and 30 feet of wooden guardrails.

Couple Pleads Innocent

Man And Woman Held On Numbers

An alleged woman numbers writer and a local pickup man, nabbed by police yesterday afternoon, are scheduled for Municipal Court hearings next Wednesday at 9:30 a. m.

Working as a team, Patrolmen Paul Carter and W. E. McDaniel arrested Mrs. Sarah Parr, 403 Jackson St., on charges of illegal possession of numbers slips, and charged Otto Stockdale, 223 W. 8th St., with possession of numbers slips and a separate count filed under state law alleging he set up and promoted a lottery.

Both pleaded not guilty when arraigned about 3:30 before Judge Samuel M. Chertoff. He fixed Mrs. Parr's bond at $500. Stockdale's bond was set at $500 on the numbers slip charge and $250 on the lottery promotion charge. Both were released after posting the sureties.

Stockdale and Mrs. Parr were represented at arraignment by Atty. Don Smith. Police said Mrs. Parr is known by the alias "Sarah Green."

Judge Chertoff cautioned the pair that they will be brought to court again and required to post higher bonds: "If I hear that you plan to do what one of your former colleagues did."

The judge was referring to Harry R. (Nig) Johnson of Baum St., who skipped a $500 bond last August while awaiting a hearing on possession of numbers slips.

Johnson was released on bond after he pleaded for an opportunity to undergo a physical examination to back up his claim of ill health. But he failed to return to court for the scheduled hearing and police efforts to locate him since have been unsuccessful.

Police said Mrs. Parr was seen to pass an envelope to Stockdale, who halted his car in front of her home about 2:15. A short time later, Stockdale was taken into custody by Officer Carter, who halted the suspect's car on Park Way. A search turned up $113 and a large quantity of alleged numbers slips in the locked trunk of Stockdale's car, police said.

When Officer Carter arrived at headquarters with Stockdale, Officer McDaniel placed Mrs. Parr under arrest.

The charges of possession of numbers slips both are based on a so-called "tough" anti - lottery law that went into effect early in 1960.

They allege that the defendants "knowingly" had in their possession and under their control "certain slips of paper representing recording of wagers upon the 'numbers game'."

The second charge against Stockdale alleges that he "unlawfully, as an agent, carried on and set on foot a scheme of chance known as the 'numbers game' by picking up and having in his possession slips of paper with numbers thereon to be used in carrying on and promoting said numbers game."

Judge Refuses To Cut Charge In Gas Theft

Suspect Bound Over For Grand Jury As Bond Is Continued

The last of three suspects taken into custody in mid-October for alleged wholesale theft of gas from the American Oil Co. terminal on the River Rd. was bound over to the Grand Jury late this morning after a 70-minute preliminary hearing before Municipal Judge Samuel M. Chertoff.

James Ronald Glover, 104 Church St., Chester, was held to the higher court after a hearing that was occupied principally by his counsel's argument that the charge should be reduced from grand larceny to petty larceny.

Principal witness for the prosecution was Cpl. W. E. Cutting, one of the plainclothes State Highway Patrol investigators sent to East Liverpool to probe the source of large quantities of allegedly untaxed gasoline on the area market.

Cpl. Cutting filed the charge against Glover, alleging specifically that he stole 500 gallons of gasoline from the terminal on Oct. 19. Judge Chertoff continues Glover's $1,500 bond which he posted at the time charges were filed against him last month.

Atty. George A. Aronson appeared for the defense and Solicitor Joseph W. Cooper conducted the prosecution, along with Asst. Solicitor Richard J. Clark.

Cpl. Cutting testified that Glover furnished a signed statement to the investigators when he was questioned at the patrol barracks near Lisbon shortly after his arrest. He said he took Glover into custody at 10:40 p. m. Oct. 19 on Washington St. Glover was driving a truck which had been used earlier in theft of gasoline from the terminal, the corporal testified.

In response to a question by the solicitor, Cpl. Cutting said Glover "described his operations in detail."

"He said he would pull the truck into the terminal and an individual would whistle for him to halt," the corporal said. "When the truck was filled, the individual would whistle again and he would pull away."

The corporal did not name the

Rockefeller May Emerge As GOP's 1964 Contender

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller, who failed to carry his home state for the Republican standard - bearer this week, nevertheless appears certain to emerge as a contender for the Republican nomination for president in 1964.

Vice President Richard M. Nixon lost New York by 400,000 votes, although President Eisenhower carried it by 1.5 million in 1956 and Rockefeller was elected by more than a half-million votes two years ago.

Despite the handicaps, Rockefeller is in position to move into national leadership.

He established himself as a dominant influence in party affairs last summer when he prevailed upon Nixon to incorporate a large portion of the Rockefeller views in the GOP national platform.

Rockefeller would have two major barriers to assuming control of GOP national affairs: home-front problems and the animosity of the conservative Republican bloc.

Sen. Barry Goldwater of Arizona, a leader of the conservative element in the GOP, told a reporter at Phoenix, Ariz., Wednes-

A Mandate For Moderation

The hardest part of a presidential campaign for most of us to forget is the hard words that were spoken and forgotten.

In our lives, if a competitor tries to rub out an eye in a clinch, we do not extend an invitation to drop in for lunch and bring the family. We assume that a feud has begun. We keep a length of gaspipe handy.

But our friends the politicians take this sort of thing as being all in a day's work. They are quick healers.

They never tire of assuring us it was all in fun, like a pair of pups pretending to demolish each other.

This is what it means to be a professional politician, which is the kind we now have again after Dwight Eisenhower, who was a professional soldier but an amateur politician. He never did acquire the knack of cutting an old pal's throat and calling it in a day's work.

He never forgave Harry Truman for pulling a political knife on him. He never has let Mr. Truman step foot in the White House since he left, in 1953. He never went through the motions of acting as if the late Sen. Joe McCarthy of Wisconsin was a grand guy—not after McCarthy questioned his honesty and integrity. Mr. Eisenhower has an outsider's point of view on what constitutes enmity.

BUT MOST OF US have this point of view. We are not impressed when professional politicians link arms and stroll off to lunch after questioning each other's ancestry in public debate.

We think it's fine that such people can attain such objectivity. They are like actors in a stage play, instead of human beings in real life. But the rest of us aren't actors. We are human beings in real life.

We live and learn in presidential elections. We take them seriously.

We may even learn if we live long enough not to take forecasters and soothsayers seriously, not even when they call themselves scientific pollsters. We have been learning this since 1932, when the Literary Digest poll made suckers of us. This year's bone-jarring disillusionment with the pollsters should end the lesson.

We have learned something in 1960 about bigotry. Mostly we have learned that a bigot is anyone who closes his mind against the other fellow's point of view. There are many ways to show bigotry besides religion. There are bigots who can see nothing good about labor unions. There are unionists who can see nothing good about employers. These are bigots.

As to religious bigots, the 1960 national election marked a turning point in the United States of adult awareness of a perennial problem.

When the Founding Fathers added a guarantee of religious freedom to the Constitution, they did not think they were adding a guarantee of freedom from religious discussion. In truth what they did was to make certain that discussion would be never-ending by specifying that it could not be outlawed by Congress.

THIS NEWSPAPER has reminded its readers that there can be no such thing as an issue about religion in politics. We respect one another's religious rights.

The only thing that can be talked about religionists to group themselves in bloc voting.

When the campaign began, it was the prevailing belief that this was something Protestants would do to hurt John Kennedy a Catholic. When the campaign ended—and when the votes had been counted—it was the prevailing belief that Catholics had grouped against Richard Nixon as often and apparently oftener than Protestants grouped against Kennedy.

This neutralizes the question of bloc voting among religionists. It is done on both sides abhorrent to some of the people on both sides and to all the people who do not count themselves on either side. But now it is in the open. It has been discussed. Catholics and Protestants have quit being skittish about it. That is a net gain.

SEN. KENNEDY'S squeak-through election will be noted by all other professional politicians—the special breed of men and women who survive by living with one ear to the ground.

The new young President's congressional majorities will be skeptical about his proposals. There will be members of Congress who will not be as pliable in Lyndon Johnson's hands as they were when he was nothing more than the shrewd, affable, Texas-drawling Democrat who led the Senate majority.

Whatever the President-elect may have thought he knew about the country he aspired to lead, its mental makeup is still moderate. There is no future for a politician in running with the wild hares of politics.

If our new President soaked up a little too much of the spirit of the London School of Economics, he is going to be dehydrated in a hurry by the cautious men who will be placed around him by the members of his party who were watching their fellow Democrats as far back as Woodrow Wilson's time.

This would not have been true if the Kennedy campaign had started a political brush fire, the way it happened 28 years ago when Franklin D. Roosevelt was voted into office with a breathless mandate to do something—anything—but something.

JOHN KENNEDY has a sober mandate to quit scaring the daylights out of his countrymen with bogeyman talk.

He has a mandate to rise to the challenge of his leadership with such caution and awareness that people will be moved to pay him the tribute that he has acquired the same sure touch that could have been expected from Richard Nixon.

We think Sen. Kennedy can live up to all reasonable expectations. We aren't worried about his pie-in-the-sky promises now. They were shot down on election day, along with some bushy-tailed specimens of homus bolonus.

In the next two months, one of the trickiest, most difficult jobs a representative democracy ever attempts will have to be done.

The Eisenhower administration will have to turn over the keys to the public household to new tenants, tell them where the skeletons are hidden, how to make the plumbing work and where to set the dishpan when the roof leaks.

It will be a time of peril. Our enemies and badgerers will make the most of it. Kennedy and his people will be so pestered by job-seekers they scarcely will have time to listen to what they're being told about the continuing responsibilities of government.

We wish them luck—all of us. They're going to start the toughest job on earth and all of us have a stake in their success.

And meanwhile we express gratitude again to a government team that has served with eminent satisfaction. Even the farmers, who are reputed to be unpleasable, weren't displeased enough at Eisenhower-Nixon to vote against Nixon-Lodge. That must be, as such things go, the supreme tribute to a successful administration.

All Quiet On The Southern Front

An Associated Press roundup of public school integration in the racially troubled South highlights a noteworthy fact:

Integration scarcely has raised a ripple in the 1960 school year so far.

Two things evidently account for the unprecedented absence of riots, dynamitings, political blasts and school closings.

One is the discovery by southerners that the U.S. Supreme Court and the U.S. Department of Justice weren't fooling when they advised southern school districts to accept the principle of integration even though they were not prepared to accept the practice.

The federal government was interested in upholding the constitutional prohibition against discrimination as a legal practice. It was aware of the difficulty of sudden change. It knew desegregation would have to be slow. But it knew, also, that the federal government could not allow a minority of its states to disobey the constitution wilfully; that the United States could not allow a minority of its states to discriminate blatantly against nonwhite citizens in a world made up of mostly nonwhite humans.

The other thing that may account for an absence of news about race discrimination in the South this fall is the presidential campaign.

Nothing would have been more embarrassing for Democrats than to have Orval Faubus or any other southern race-baiter on the loose during a national campaign in which the votes of northern Negroes constituted one of the big prizes.

Democrats have been adept at playing both ends against the middle as far as Negroes are concerned. In the South, they don't let Negroes vote. In the North, they encourage them to vote Democratic. If Negroes ever discover that southern Democrats and northern Democrats belong to the same lodge, there will be the devil to pay.

The Once Over

By H. I. Phillips

GM opened its first big auto show last week and thousands flocked to Waldorf to decide whether the car on which they still owed 10 payments should be replaced by a fresh one regardless of installments. The auto industry is out with new guarantees the parts will last but won't say how long fin and bumper styles will last.

One thing about the modern auto show is that if you are not interested in a new car you can come in and see the beautiful 1961 girls for free, seemingly handsomer than the 1960 models.

The show no longer depends on salesmen. The top lure is shapely chick. Looking at the exquisite designs in femininity you lose interest in fins, power-brakes and wider windshields.

A man can spend hours at the auto show and never let his eyes wander from the gorgeous blondes to such trivial things as a radiator grille, a new bumper design or a change in the transmission. He gets the assurance, too, that the 1961 woman won't be changed radically in lines or length.

It's the best auto show we ever saw, girl for girl, and it was impossible to leave without feeling convinced the female of the species is coming out in more attractive models all the time.

One of the gals in a new car wore a million dollars worth of diamonds (the multipowered, streamline diamonds) but she was just an experimental model not available to the public.

Girls are indispensible to the modern auto exposition and they show the triumph in designing American women for styling and all around perfection.

How about the autos themselves? We never got around to a critical study, as we still had only time to look at the redheads, having spent too much time studying the blondes and brunettes.

Ike helped open the auto show. Perhaps to answer Kennedy's charge Republicans are for standing still.

The Greatest Plum Of All

Battle For Decency In Cuba

By Victor Riesel

Some of Fidel Castro's machete carriers had a rendezvous with fear on the night of Monday, Oct. 31. They had created so much of it, there was no strain in recognizing the specter when it stalked them.

Victor Riesel

There is counter-revolution in the air and it may come first as a general strike — the deadliest of all when the lights are cut off, transport is paralyzed, food rots and sugar cane withers as all men refuse to work.

That's what the opposition Cuban Democratic Revolutionary Workers Front is planning — A general strike of hundreds of thousands of workers.

Out of this paralysis of Cuba would come the sabotage and rioting the Front hopes will drive Castro into the Caribbean.

THERE ARE PROS — Russian and Chinese specialists — who know about such things, for that other bearded fellow N. Lenin was the technician of master labor action.

Impatiently, the Soviet cadres directed Castro's comrades to summon what for want of a more derisive description must be called the "Cuban labor leaders."

They were directed to meet the other Monday night in the Cuban Federation of Labor auditorium in the "labor palace" of Havana. Our intelligence people, doing quite a brilliant job of it on the island, noted what occurred there.

Quite disdainful of even a pretense of legal labor operations, the Russian "pros" put Cuban labor on a "garrison" basis. Their orders were absolute.

No labor technician, it was directed, may leave his post unless asked to do so by the government in the "interest of the (Castro) revolution."

This means that all engineers, maintenance men and skilled workers are frozen to their jobs in sickness or in health — or else the firing squad.

There must be special production speed-ups. Specifically, the Marxist "new" language said, "Every labor center will become a garrison in which the labor class will wage a production battle."

Suddenly this is explained by a memo made during another speaker's briefing.

THEY PLAN to stockpile supplies through this speed-up. "All labor organizations must promise," the cadre fellow said, "to maintain production at levels that will guarantee sufficient supplies for the people, the militia and the armed forces members. . . .

"Every labor boss (six) must be watched and denounced if his laxity causes retreat from production."

Some moments later it was evident that the big room was heavier with fear of the new men training in the mountains than it was with cigarillo smoke.

Vigilance, said the Russian officer to the Cuban labor overseers, must be increased in every plant and firm to reduce the danger of acts of sabotage by the enemies of the revolution.

MILITIA MEN may have to be pulled out of their production centers and put into the streets.

If this happens, the man said, Castro's labor officials must have substitutes ready to "fill the ranks of those who may be called away from their jobs in order to serve the country." He did not say what country.

Among those who took orders that night were such agents of the Communist cadres as Jesus Sota, the ranking Cuban union chief. He will be the first objective of the anti-Castro labor forces now led in exile by Jose Antonio Hernandez, former head of the Cuban metal workers.

Senor Hernandez is in no hideaway. He has been in New York and Washington seeking money arms and the mechanism for sabotage.

Not the least of this will be an appeal to U.S. longshoremen not to handle any cargo shipped in or out of Cuba.

Victory for decency in Cuba is a long way off but there are at least men of courage ready to do battle.

A Second Emancipation

By Raymond Moley

In the first term of the new president, elaborate ceremonies will undoubtedly be held in 1963 to commemorate the centenary of the Emancipation Proclamation.

It might be a good year for enlightened Americans to call attention to the sordid practices of politicians of both parties who regard the Negro as a political pawn.

No one should demand this with more fervor than Negro leaders who are not presently in politics.

By that year, regardless of the outcome of this election, there will be a president who has pledged himself to labor prodigiously to provide progress toward giving Negroes reasonable equality of opportunity.

I expect that the great controversy over this issue will die down rapidly after this election, unless politicians and self-serving Negro leaders excite it further.

IT IS ALREADY time that Negroes who have made such great progress in education and economic status should demand that they be treated in the appeals of politicians as citizens of the United States who have concerns other than those which affect them solely as members of a race.

We are all equally concerned over foreign affairs, the stability of our economy and with cultural progress of all kinds.

In every great city it has been revolting to see political leaders of both parties bid for a solid Negro vote. In New York four governors in the past 20 years — Lehman, Dewey, Harriman, and Rockefeller —have treated the Harlem votes as special cases.

It is true that in those years Negroes in New York, as well as elsewhere, have attained important public offices and members of their race are well represented in the public services.

This is due to the rising capability of Negroes themselves, which has been recognized by people who are not politicians.

It was Branch Rickey who, by employing Jackie Robinson as a player on the Brooklyn Dodgers, opened the way to many fine Negro players on major league clubs and thus greatly increased the quality of our national sport.

Rickey was no politician. He discovered and gave opportunity to those who would be a credit to baseball. It was no token gift to the race.

In the campaign now completed, the appeal to the Negro as a member of a race and not as an American citizen was especially pronounced. His vote was regarded as "pivotal."

In the magazine Jet there was a calculation of how the election could be decided by special appeals to the very considerable Negro minorities.

THE NUMBERS cited by Jet were: New York, 775,000; Illinois, 510,000; Pennsylvania, 460,000; California, 450,000; Ohio, 400,000; Michigan, 350,000.

It is unfortunate for the Negro himself that these large blocs of votes should be regarded as the balance of power. For nothing so intensifies prejudice as the assumption that members of any minority vote as a bloc.

I once heard the distinguished Rabbi Wise say in his pulpit that the moment there was a "Jewish vote," there would be an anti-Jewish vote.

The concept of classes, whether they be based upon race, religion, or economic status, is repugnant to the whole spirit of America. To consider them as such is to usher in what might be called "political tribalization."

Ultimately, such reliance upon class voting will destroy the reality of a two-party system. For each party will be divided into classes and factions.

Never was a national unity, with a broad national spread of both parties into all groups, needed as much as now. It is time to end the concept of any group as a political pawn.

The Dollar's In Trouble

By David Lawrence

World Now Must Be Reassured

Businessmen, more than any other group, are glad the election is over. They have been anxious and hesitant. It wasn't altogether the fear that, while one party would adhere to sound fiscal principles, the other would take a chance on deficit spending.

David Lawrence

It was the uncertainty itself which produced a psychological reaction that added up to a pause rather than a movement ahead.

Despite all the volume of words in the speeches, businessmen couldn't tell just what policies they would encounter in a new administration.

The country is passing through a mild "recession" or "readjustment" but this alone would cause little concern. Thoughtful students of economic problems know that something more fundamental is causing anxiety. It is the rapid growth of economic blocs in our midst which at any moment can stifle the business progress of the nation and throw it into a tail spin.

Neither candidate dared to mention it but the real cause of our economic upheaval and the narrowing profit margins for business is the irresponsibility of groups that hold vast economic power.

THE STEEL STRIKE caused the present recession. Yet not a word came from either campaign speaker to enlighten the people on the same menace that faces American prosperity in the future.

If a group of labor leaders can tie up the economy of the country by a prolonged strike and are not held accountable for their actions by any public authority, the end result must be chaos.

How long can America face up to the competition with the Soviet Union if each group here can do as it pleases without regard to the public interest?

This is a political question but the campaign hasn't answered it. Recession after recession is to be expected if the country is to be subjected to costly strikes, irrespective of the capacity of business to absorb higher and higher wage costs.

The politics inside trade unions has reached proportions dangerous to the future stability of the economy.

HERE IS WHAT the "monthly letter" of The First National City Bank — an analysis recognized as sound and authoritative by most businessmen — had to say in its November issue:

"Although doing more business and handling more money in the aggregate than ever before, American corporations this year have been facing a difficult challenge in maintaining their profit margins.

"In a new era of intensified domestic and international competition, which has denied opportunity for price increases and led to at least spotty price weaknesses, efforts have been required to shave controllable expenses in every possible way.

Nevertheless, uncontrollable elements of cost — principally employment costs — in company with failure of sales to reach higher levels, have trenched upon corporate net earnings.

When profits are related to sales, and examined on a quarter-to-quarter basis, a slow but sure erosion of margins becomes apparent. . . .

"The profits pinch reflects struggles of business in coping with a new environment of worldwide competition. . . . With markets more and more competitive, discounts from list have become commonplace while sales efforts have had to be intensified.

"At the same time, wages, taxes, and other cost elements have continued upward about as rapidly as in previous years."

What does all this mean? It certainly can't mean that the government is able to engage in another such "pump-priming" venture as brought ruinous results during New Deal days.

IT CAN'T MEAN that more and more luxuries are to be appropriated for by the government in the name of social welfare and without regard to the capacity of corporations or individuals to pay higher taxes.

The new administration in Washington rather will have to worry about how to cut expenses in government and how to bring about a better climate for business.

Nor can new policies be introduced that mean more spending abroad. There will not be as much to go around as before, either for Africa or Latin America and much of the campaign twaddle about helping the underprivileged in Brazil, for instance, will have to be forgotten.

The truth is the American dollar is in trouble. The loss of gold is a sign of weakness in our international position.

The United States cannot afford to keep on giving dollars away as it did in the early years of the postwar period.

THE SAME "monthly letter, of The First National City Bank — which incidentally has branches in most of the important countries — puts its finger, moreover, on the real problem of the dollar and the loss of gold as follows:

"There are fears, expressed by some Americans and foreigners alike, that a new administration taking office Jan. 20 next will enlarge government spending and perhaps also seek to impose an artificial cheap money policy.

"While these things may not come to pass, it is not unnatural that some of the 'cheap money' campaign speeches should have aroused fears at home and abroad of a new surge of inflation in the United States."

It is a sad commentary on modern democracy that so little thought has been given to the effect abroad of the extravagant promises as to government spending.

These were conveyed in the campaign speeches designed to get votes by appealing to the selfish instincts of the citizens.

Most Americans know how to discount such things but foreigners do not.

Hence the next few weeks will be occupied in reassuring the world that "campaign oratory," as Wendell Willkie once used the phrase, is after all the bark that is worse than the bite.

Purely Personal

By Truman Twill

The best idea that has come to me about elections is that everybody should go to bed while the votes are counted, without benefit of gab, guff and guesswork — the three Gs of every election night. Then when all votes have been tabulated, the results should be announced officially, with no premature paying off of bets, no premature crowing over the other guy's bad judgment.

The last two tag-ends of summer are exercising my franchise and sorting out the spring lambs that have been mowing grass in Rosy Fingered Dawn since April. This year, the two chores came within a day of each other and the head shepherd was so spavined it almost was impossible to make the exes that marked the spot.

I am grateful that I was not a hot-shot editor who jumped out on the limb for a Sen. Kennedy shoo-in as soon as he sniffed the smell of victory before Tuesday midnight. What they smelled in some cases was their own burning zeal and in no case was this likelier than that of The New York Times.

Among the things I'd least like to be is an astronaut reading the news of the failure of some dingus specially designed to send me whizzing into outer space. I figure it would take 100 successful experiments to restore my confidence in the bug-heads taking changes with my life.

The only thing wrong with television coverage of national elections, which otherwise is superbly satisfactory, is the assumed necessity of keeping the air full of sound and pictures. It may take 10 years to convince TV people that silence, too, can be golden.

It was "Scoop" Jackson, the Democratic national chairman who said last August he thought John F. Kennedy had a "good chance to win every state in November." It was former Democratic chairman Stephen A. Mitchell who said on Oct. 18 that Kennedy "will carry 35 of the 50 states." It was the redoubtable James A. Farley who said on Oct. 20 that Nixon "will carry only three states — Virginia, South Carolina and Oklahoma." I keep clippings.

In rebuttal to all who believe elections are settled by issues and logic, I will say that in most cases a voter's mind is made up when he is born and rarely changes. Radical as it may sound, I believe I can prognosticate how a person will vote if I know his disposition.

All my life I have wondered if there was an ideal time for members of committees and boards to hold meetings. Luncheon conclaves take up too much time. Afternoon meetings interfere with working schedules. Evening meetings are a pain in the neck to people who live in scattered suburbs. I've finally hit on the perfect time — 7 a.m., on the way to work. This will guarantee that all meetings will be brief and businesslike. No one's in a mood to mess around at 7 a.m.

Orientals consider it impolite to open a present in front of the giver, fearing the size and quality of the gift may prove embarrassing.

Even the farmers, who are reputed to be unpleasable, weren't displeased enough at Eisenhower-Nixon to vote against Nixon-Lodge. That must be, as such things go, the supreme tribute to a successful administration.

All Quiet On The Southern Front

An Associated Press roundup of public school integration in the racially troubled South highlights a noteworthy fact:

Integration scarcely has raised a ripple in the 1960 school year so far.

Two things evidently account for the unprecedented absence of riots, dynamitings, political blasts and school closings.

One is the discovery by southerners that the U.S. Supreme Court and the U.S. Department of Justice weren't fooling when they advised southern school districts to accept the principle of integration even though they were not prepared to accept the practice.

The federal government was interested in upholding the constitutional prohibition against discrimination as a legal practice. It was aware of the difficulty of sudden change. It knew desegregation would have to be slow. But it knew, also, that the federal government could not allow a minority of its states to disobey the constitution wilfully; that the United States could not allow a minority of its states to discriminate blatantly against nonwhite citizens in a world made up of mostly nonwhite humans.

The other thing that may account for an absence of news about race discrimination in the South this fall is the presidential campaign.

Nothing would have been more embarrassing for Democrats than to have Orval Faubus or any other southern race-baiter on the loose during a national campaign in which the votes of northern Negroes constituted one of the big prizes.

Democrats have been adept at playing both ends against the middle as far as Negroes are concerned. In the South, they don't let Negroes vote. In the North, they encourage them to vote Democratic. If Negroes ever discover that southern Democrats and northern Democrats belong to the same lodge, there will be the devil to pay.

The Once Over

By H. I. Phillips

GM opened its first big auto show last week and thousands flocked to Waldorf to decide whether the car on which they still owed 10 payments should be replaced by a fresh one regardless of installments. The auto industry is out with new guarantees the parts will last but won't say how long fin and bumper styles will last.

One thing about the modern auto show is that if you are not interested in a new car you can come in and see the beautiful 1961 girls for free, seemingly handsomer than the 1960 models.

The show no longer depends on salesmen. The top lure is shapely chick. Looking at the exquisite designs in femininity you lose interest in fins, power-brakes and wider windshields.

A man can spend hours at the auto show and never let his eyes wander from the gorgeous blondes to such trivial things as a radiator grille, a new bumper design or a change in the transmission. He gets the assurance, too, that the 1961 woman won't be changed radically in lines or length.

It's the best auto show we ever saw, girl for girl, and it was impossible to leave without feeling convinced the female of the species is coming out in more attractive models all the time.

One of the gals in a new car wore a million dollars worth of diamonds (the multipowered, streamline diamonds) but she was just an experimental model not available to the public.

Girls are indispensible to the modern auto exposition and they show the triumph in designing American women for styling and all around perfection.

How about the autos themselves? We never got around to a critical study, as we still had only time to look at the redheads, having spent too much time studying the blondes and brunettes.

Ike helped open the auto show. Perhaps to answer Kennedy's charge Republicans are for standing still.

The Greatest Plum Of All

Battle For Decency In Cuba

By Victo r Riesel

Some of Fidel Castro's machete carriers had a rendezvous with fear on the night of Monday, Oct. 31. They had created so much of it, there was no strain in recognizing the specter when it stalked them.

Victor Riesel

There is counter-revolution in the air and it may come first as a general strike — the deadliest of all when the lights are cut off, transport is paralyzed, food rots and sugar cane withers as all men refuse to work.

That's what the opposition Cuban Democratic Revolutionary Workers Front is planning — A general strike of hundreds of thousands of workers.

Out of this paralysis of Cuba would come the sabotage and rioting the Front hopes will drive Castro into the Caribbean.

THERE ARE PROS — Russian and Chinese specialists — who know about such things, for that other bearded fellow N. Lenin was the technician of master labor action.

Impatiently, the Soviet cadres directed Castro's comrades to summon what for want of a more derisive description must be called the "Cuban labor leaders."

They were directed to meet the other Monday night in the Cuban Federation of Labor auditorium in the "labor palace" of Havana. Our intelligence people, doing quite a brilliant job of it on the island, noted what occurred there.

Quite disdainful of even a pretense of legal labor operations, the Russian "pros" put Cuban labor on a "garrison" basis. Their orders were absolute.

No labor technician, it was directed, may leave his post unless asked to do so by the government in the "interest of the (Castro) revolution."

This means that all engineers, maintenance men and skilled workers are frozen to their jobs in sickness or in health — or else the firing squad.

There must be special production speed-ups. Specifically, the Marxist "new" language said, "Every labor center will become a garrison in which the labor class will wage a production battle."

Suddenly this is explained by a memo made during another speaker's briefing.

THEY PLAN to stockpile supplies through this speed-up. "All labor organizations must promise," the cadre fellow said, "to maintain production at levels that will guarantee sufficient supplies for the people, the militia and the armed forces members. . . .

"Every labor boss (six) must be watched and denounced if his laxity causes retreat from production."

Some moments later it was evident that the big room was heavier with fear of the new men training in the mountains than it was with cigarillo smoke.

Vigilance, said the Russian officer to the Cuban labor overseers, must be increased in every plant and firm to reduce the danger of acts of sabotage by the enemies of the revolution.

MILITIA MEN may have to be pulled out of their production centers and put into the streets.

If this happens, the man said, Castro's labor officials must have substitutes ready to "fill the ranks of those who may be called away from their jobs in order to serve the country." He did not say what country.

Among those who took orders that night were such agents of the Communist cadres as Jesus Sota, the ranking Cuban union chief. He will be the first objective of the anti-Castro labor forces now led in exile by Jose Antonio Hernandez, former head of the Cuban metal workers.

Senor Hernandez is in no hideaway. He has been in New York and Washington seeking money arms and the mechanism for sabotage.

Not the least of this will be an appeal to U.S. longshoremen not to handle any cargo shipped in or out of Cuba.

Victory for decency in Cuba is a long way off but there are at least men of courage ready to do battle.

A Second Emancipation

By Raymond Moley

In the first term of the new president, elaborate ceremonies will undoubtedly be held in 1963 to commemorate the centenary of the Emancipation Proclamation.

It might be a good year for enlightened Americans to call attention to the sordid practices of politicians of both parties who regard the Negro as a political pawn.

No one should demand this with more fervor than Negro leaders who are not presently in politics.

By that year, regardless of the outcome of this election, there will be a president who has pledged himself to labor prodigiously to provide progress toward giving Negroes reasonable equality of opportunity.

I expect that the great controversy over this issue will die down rapidly after this election, unless politicians and self-serving Negro leaders excite it further.

IT IS ALREADY time that Negroes who have made such great progress in education and economic status should demand that they be treated in the appeals of politicians as citizens of the United States who have concerns other than those which affect them solely as members of a race.

We are all equally concerned over foreign affairs, the stability of our economy and with cultural progress of all kinds.

In every great city it has been revolting to see political leaders of both parties bid for a solid Negro vote. In New York four governors in the past 20 years — Lehman, Dewey, Harriman, and Rockefeller —have treated the Harlem votes as special cases.

It is true that in those years Negroes in New York, as well as elsewhere, have attained important public offices and members of their race are well represented in the public services.

This is due to the rising capability of Negroes themselves, which has been recognized by people who are not politicians.

It was Branch Rickey who, by employing Jackie Robinson as a player on the Brooklyn Dodgers, opened the way to many fine Negro players on major league clubs and thus greatly increased the quality of our national sport.

Rickey was no politician. He discovered and gave opportunity to those who would be a credit to baseball. It was no token gift to the race.

In the campaign now completed, the appeal to the Negro as a member of a race and not as an American citizen was especially pronounced. His vote was regarded as "pivotal."

In the magazine Jet there was a calculation of how the election could be decided by special appeals to the very considerable Negro minorities.

THE NUMBERS cited by Jet were: New York, 775,000; Illinois, 510,000; Pennsylvania, 460,000; California, 450,000; Ohio, 400,000; Michigan, 350,000.

It is unfortunate for the Negro himself that these large blocs of votes should be regarded as the balance of power. For nothing so intensifies prejudice as the assumption that members of any minority vote as a bloc.

I once heard the distinguished Rabbi Wise say in his pulpit that the moment there was a "Jewish vote," there would be an anti-Jewish vote.

The concept of classes, whether they be based upon race, religion, or economic status, is repugnant to the whole spirit of America. To consider them as such is to usher in what might be called "political tribalization."

Ultimately, such reliance upon class voting will destroy the reality of a two-party system. For each party will be divided into classes and factions.

Never was a national unity, with a broad national spread of both parties into all groups, needed as much as now. It is time to end the concept of any group as a political pawn.

The Dollar's In Trouble

By David Lawrence

World Now Must Be Reassured

Businessmen, more than any other group, are glad the election is over. They have been anxious and hesitant. It wasn't altogether the fear that, while one party would adhere to sound fiscal principles, the other would take a chance on deficit spending.

David Lawrence

It was the uncertainty itself which produced a psychological reaction that added up to a pause rather than a movement ahead.

Despite all the volume of words in the speeches, businessmen couldn't tell just what policies they would encounter in a new administration.

The country is passing through a mild "recession" or "readjustment" but this alone would cause little concern. Thoughtful students of economic problems know that something more fundamental is causing anxiety. It is the rapid growth of economic blocs in our midst which at any moment can stifle the business progress of the nation and throw it into a tail spin.

Neither candidate dared to mention it but the real cause of our economic upheaval and the narrowing profit margins for business is the irresponsibility of groups that hold vast economic power.

THE STEEL STRIKE caused the present recession. Yet not a word came from either campaign speaker to enlighten the people on the same menace that faces American prosperity in the future.

If a group of labor leaders can tie up the economy of the country by a prolonged strike and are not held accountable for their actions by any public authority, the end result must be chaos.

How long can America face up to the competition with the Soviet Union if each group here can do as it pleases without regard to the public interest?

This is a political question but the campaign hasn't answered it. Recession after recession is to be expected if the country is to be subjected to costly strikes, irrespective of the capacity of business to absorb higher and higher wage costs.

The politics inside trade unions has reached proportions dangerous to the future stability of the economy.

HERE IS WHAT the "monthly letter" of The First National City Bank — an analysis recognized as sound and authoritative by most businessmen — had to say in its November issue:

"Although doing more business and handling more money in the aggregate than ever before, American corporations this year have been facing a difficult challenge in maintaining their profit margins.

"In a new era of intensified domestic and international competition, which has denied opportunity for price increases and led to at least spotty price weaknesses, efforts have been required to shave controllable expenses in every possible way.

Nevertheless, uncontrollable elements of cost — principally employment costs — in company with failure of sales to reach higher levels, have trenched upon corporate net earnings.

When profits are related to sales, and examined on a quarter-to-quarter basis, a slow but sure erosion of margins becomes apparent. . . .

"The profits pinch reflects struggles of business in coping with a new environment of worldwide competition. . . . With markets more and more competitive, discounts from list have become commonplace while sales efforts have had to be intensified.

"At the same time, wages, taxes, and other cost elements have continued upward about as rapidly as in previous years."

What does all this mean? It certainly can't mean that the government is able to engage in another such "pump-priming" venture as brought ruinous results during New Deal days.

IT CAN'T MEAN that more and more luxuries are to be appropriated for by the government in the name of social welfare and without regard to the capacity of corporations or individuals to pay higher taxes.

The new administration in Washington rather will have to worry about how to cut expenses in government and how to bring about a better climate for business.

Nor can new policies be introduced that mean more spending abroad. There will not be as much to go around as before, either for Africa or Latin America and much of the campaign twaddle about helping the underprivileged in Brazil, for instance, will have to be forgotten.

The truth is the American dollar is in trouble. The loss of gold is a sign of weakness in our international position.

The United States cannot afford to keep on giving dollars away as it did in the early years of the postwar period.

THE SAME "monthly letter, of The First National City Bank — which incidentally has branches in most of the important countries — puts its finger, moreover, on the real problem of the dollar and the loss of gold as follows:

"There are fears, expressed by some Americans and foreigners alike, that a new administration taking office Jan. 20 next will enlarge government spending and perhaps also seek to impose an artificial cheap money policy.

"While these things may not come to pass, it is not unnatural that some of the 'cheap money' campaign speeches should have aroused fears at home and abroad of a new surge of inflation in the United States."

It is a sad commentary on modern democracy that so little thought has been given to the effect abroad of the extravagant promises as to government spending.

These were conveyed in the campaign speeches designed to get votes by appealing to the selfish instincts of the citizens.

Most Americans know how to discount such things but foreigners do not.

Hence the next few weeks will be occupied in reassuring the world that "campaign oratory," as Wendell Willkie once used the phrase, is after all the bark that is worse than the bite.

Purely Personal

By Truman Twill

The best idea that has come to me about elections is that everybody should go to bed while the votes are counted, without benefit of gab, guff and guesswork — the three Gs of every election night. Then when all votes have been tabulated, the results should be announced officially, with no premature paying off of bets, no premature crowing over the other guy's bad judgment.

The last two tag-ends of summer are exercising my franchise and sorting out the spring lambs that have been mowing grass in Rosy Fingered Dawn since April. This year, the two chores came within a day of each other and the head shepherd was so spavined it almost was impossible to make the exes that marked the spot.

I am grateful that I was not a hot-shot editor who jumped out on the limb for a Sen. Kennedy shoo-in as soon as he sniffed the smell of victory before Tuesday midnight. What they smelled in some cases was their own burning zeal and in no case was this likelier than that of The New York Times.

Among the things I'd least like to be is an astronaut reading the news of the failure of some dingus specially designed to send me whizzing into outer space. I figure it would take 100 successful experiments to restore my confidence in the bug-heads taking changes with my life.

The only thing wrong with television coverage of national elections, which otherwise is superbly satisfactory, is the assumed necessity of keeping the air full of sound and pictures. It may take 10 years to convince TV people that silence, too, can be golden.

It was "Scoop" Jackson, the Democratic national chairman who said last August he thought John F. Kennedy had a "good chance to win every state in November." It was former Democratic chairman Stephen A. Mitchell who said on Oct. 18 that Kennedy "will carry 35 of the 50 states." It was the redoubtable James A. Farley who said on Oct. 20 that Nixon "will carry only three states — Virginia, South Carolina and Oklahoma." I keep clippings.

In rebuttal to all who believe elections are settled by issues and logic, I will say that in most cases a voter's mind is made up when he is born and rarely changes. Radical as it may sound, I believe I can prognosticate how a person will vote if I know his disposition.

All my life I have wondered if there was an ideal time for members of committees and boards to hold meetings. Luncheon conclaves take up too much time. Afternoon meetings interfere with working schedules. Evening meetings are a pain in the neck to people who live in scattered suburbs. I've finally hit on the perfect time — 7 a.m., on the way to work. This will guarantee that all meetings will be brief and businesslike. No one's in a mood to mess around at 7 a.m.

Orientals consider it impolite to open a present in front of the giver, fearing the size and quality of the gift may prove embarrassing.

Kennedy Receives Congratulations From Pope John

VATICAN CITY (AP) — Pope John XXIII today cabled congratulations to President-elect John F. Kennedy and good wishes to "the beloved American people."

The pontiff's message made no mention of the fact that Kennedy is the first Roman Catholic ever elected to the U.S. presidency. This was in line with the Vatican's policy throughout the campaign of publicly ignoring the issue of Kennedy's religion.

The Pope's cable said: "We congratulate you sincerely on your election as president of the United States of America, and, with the prayer that Almighty God may assist you in discharging the duties of your exalted office, we express our cordial good wishes for the well-being of yourself and your family and for the happiness and prosperity of the beloved American people."

Dixie Woman Wanted 'All Votes Changed'

CHATTANOOGA, Tenn. (AP)—When Sen. John F. Kennedy's presidential victory seemed imminent, a woman called the Chattanooga News-Free Press and demanded: "Why aren't all of the votes in the states recounted?"

She was told that the figures were rechecked constantly for accuracy.

"I don't just want them rechecked," she declared. "I want them changed."

Beljon was returning from work Wednesday when his car and another collided on Lee Road. He died five hours later of injuries.

A Republican, Fortune had been recorder since 1940 and defeated John C. Crudele in Tuesday's election.

Draft To Take 29 Men In 2 Induction Quotas

LISBON — Twenty-nine Columbiana County men are scheduled for induction into the armed forces in the next 2 draft calls, according to Mrs. Elaine Griffith, clerk of Draft Board 16.

Woman Wins Sheriff's Post In One-Time 'Wild' County

WEBSTER SPRINGS, W. Va. (AP) —For the first time ever, a woman will be sheriff of this one - time rip-roaring mining and lumbering county.

Things have tamed down, now. And Mrs. Esta Dodrill, a Democrat, of nearby Point Mountain doesn't plan to pack a gun. Furthermore, she isn't going to do any of the work.

This was typical of her attitude all through the campaign she didn't wage.

Not one campaign speech did she make, not a single piece of campaign literature did she send out.

"I didn't think I needed to," she said. "We have a lot of friends here."

A lot of kinfolk, too.

The Dodrills, Gregorys, Riggle-mans and Hamricks. . .all pretty closely related. . .make up a goodly portion of Webster County's population.

Besides, she doesn't think she has time to carry on her duties, anyway.

There are the cows to milk, chickens to feed, meals to fix, the house to clean, laundry and ironing to do, and the garden to tend in the summer. Then she has a daughter, Mary Jane, in elementary school.

Mrs. Dodrill is almost as proud of her apple butter — she canned 22 gallons a couple weeks ago — as her election victory.

Who's going to take care of the duties at the sheriff's office if she isn't? Her husband, Willard.

He won the primary.

But Dodrill, a deputy for the past year, was frustrated in efforts to run in the general election when the State Supreme Court laid down the law last summer.

The court ruled a deputy could not serve during one term, then run for sheriff in the next election.

So Mrs. Dodrill took her husband's place. She didn't really run, but she won.

2 Sign Painters Experience Close Brush With Death

PHILADELPHIA (AP) — High over a busy street crossing two sign painters clung desperately to ropes on a scaffold that had slipped one end of its support and swayed giddily.

A tense crowd of over 700 shouted encouragement to the men, employes of an outdoor advertising firm, and cheered firemen trying to rescue them Wednesday with an extension ladder that wouldn't reach quite far enough.

The men were at the top of a 10-story building in midcity, getting ready to paint over a sign, just under the roof.

Charles Bremme, 25, and John Krause, 45, were lowered on the 20-foot scaffold. Their mate, Harry Leon, 25, stayed on the roof. A rope gave way, the scaffold fell to an angle of about 45 degrees. All three cried out for help. That roused a traffic policeman, who got the firemen.

Let out to its fullest, the aerial ladder was still a couple of feet from Bremme's grasp. As there seemed nothing else to do, Bremme finally let go the rope and dropped to the tip of the ladder, landing true. Other firemen joined Leon on the roof and pulled Krause to safety.

Ohioan Gets $10,000 Offer In Title Fight

MANILA (AP) — Solomon Boysaw, Cleveland, Ohio, fighter, has been offered 20,000 pesos ($10,000) to fight world junior lightweight champion Flash Elorde of the Philippines in a title bout here sometime in February.

Elorde's manager and father-in-law, Lope Sarreal, cabled the offer to Boysaw's manager Willie Ketchum, in Cleveland. The offer stipulates that in the event the Filipino champion loses to Boysaw, a return bout will be held in three months' time, also in Manila.

Boysaw is rated by the National Boxing Association as No. 1 challenger to Elorde's 130 - pound crown.

Kentucky Official Will Have 'Hand' In Kennedy Plans

FRANKFORT, Ky. (AP) — Lt. Gov. Wilson Wyatt will have an indirect hand in President-elect John F. Kennedy's pre-inauguration program.

Wyatt said Wednesday that a Kennedy aide has asked for a copy of a book Wyatt wrote in 1956 at the request of Adlai Stevenson. Wyatt was Stevenson's campaign manager in 1952 and his personal advisor in 1956.

The book recommends times and methods for selecting aides, handling budget and foreign-military affairs, and other matters in the three-month period between the election of a president and his inauguration.

VATICAN CITY (AP) — Pope John XXIII today cabled congratulations to President-elect John F. Kennedy and good wishes to "the beloved American people."

The pontiff's message made no mention of the fact that Kennedy is the first Roman Catholic ever elected to the U.S. presidency. This was in line with the Vatican's policy throughout the campaign of publicly ignoring the issue of Kennedy's religion.

The Pope's cable said: "We congratulate you sincerely on your election as president of the United States of America, and, with the prayer that Almighty God may assist you in discharging the duties of your exalted office, we express our cordial good wishes for the well-being of yourself and your family and for the happiness and prosperity of the beloved American people."

Dixie Woman Wanted 'All Votes Changed'

CHATTANOOGA, Tenn. (AP)—When Sen. John F. Kennedy's presidential victory seemed imminent, a woman called the Chattanooga News-Free Press and demanded: "Why aren't all of the votes in the states recounted?"

She was told that the figures were rechecked constantly for accuracy.

"I don't just want them rechecked," she declared. "I want them changed."

Man Near Retirement Killed In Collision

CLEVELAND (AP)—John Beljon, 79, was to have retired next week from the night watchman job he had held for 20 years. Today he is Cleveland's 77th traffic fatality of the year—putting the toll one ahead of 1959 at this date.

Beljon was returning from work Wednesday when his car and another collided on Lee Road. He died five hours later of injuries.

Heart Ailment Fatal To Re-Elected Recorder

ASHTABULA, Ohio (AP) — Alfred H. Fortune, 60, just re-elected Ashtabula County recorder, died Wednesday night in Ashtabula General Hospital. He had been a patient for several weeks for treatment of a heart ailment.

A Republican, Fortune had been recorder since 1940 and defeated John C. Crudele in Tuesday's election.

Draft To Take 29 Men In 2 Induction Quotas

LISBON — Twenty-nine Columbiana County men are scheduled for induction into the armed forces in the next 2 draft calls, according to Mrs. Elaine Griffith, clerk of Draft Board 16.

Fourteen will report for induction Dec. 6 while 14 will be forwarded to Cleveland for physical examinations Dec. 13. Nineteen were given physical exams last Tuesday and 15 will report for induction next Tuesday, completing the November call.

Woman Wins Sheriff's Post In One-Time 'Wild' County

WEBSTER SPRINGS, W. Va. (AP) —For the first time ever, a woman will be sheriff of this one - time rip-roaring mining and lumbering county.

Things have tamed down, now. And Mrs. Esta Dodrill, a Democrat, of nearby Point Mountain doesn't plan to pack a gun. Furthermore, she isn't going to do any of the work.

This was typical of her attitude all through the campaign she didn't wage.

Not one campaign speech did she make, not a single piece of campaign literature did she send out.

"I didn't think I needed to," she said. "We have a lot of friends here."

A lot of kinfolk, too.

The Dodrills, Gregorys, Rigglemans and Hamricks. . .all pretty closely related. . .make up a goodly portion of Webster County's population.

Besides, she doesn't think she has time to carry on her duties, anyway.

There are the cows to milk, chickens to feed, meals to fix, the house to clean, laundry and ironing to do, and the garden to tend in the summer. Then she has a daughter, Mary Jane, in elementary school.

Mrs. Dodrill is almost as proud of her apple butter — she canned 22 gallons a couple weeks ago — as her election victory.

Who's going to take care of the duties at the sheriff's office if she isn't? Her husband, Willard.

He won the primary.

But Dodrill, a deputy for the past year, was frustrated in efforts to run in the general election when the State Supreme Court laid down the law last summer.

The court ruled a deputy could not serve during one term, then run for sheriff in the next election.

So Mrs. Dodrill took her husband's place. She didn't really run, but she won.

2 Sign Painters Experience Close Brush With Death

PHILADELPHIA (AP) — High over a busy street crossing two sign painters clung desperately to ropes on a scaffold that had slipped one end of its support and swayed giddily.

A tense crowd of over 700 shouted encouragement to the men, employes of an outdoor advertising firm, and cheered firemen trying to rescue them Wednesday with an extension ladder that wouldn't reach quite far enough.

The men were at the top of a 10-story building in midcity, getting ready to paint over a sign, just under the roof.

Charles Bremme, 25, and John Krause, 45, were lowered on the 20-foot scaffold. Their mate, Harry Leon, 25, stayed on the roof. A rope gave way, the scaffold fell to an angle of about 45 degrees. All three cried out for help. That roused a traffic policeman, who got the firemen.

Let out to its fullest, the aerial ladder was still a couple of feet from Bremme's grasp. As there seemed nothing else to do, Bremme finally let go the rope and dropped to the tip of the ladder, landing true. Other firemen joined Leon on the roof and pulled Krause to safety.

Ohioan Gets $10,000 Offer In Title Fight

MANILA (AP) — Solomon Boysaw, Cleveland, Ohio, fighter, has been offered 20,000 pesos ($10,000) to fight world junior lightweight champion Flash Elorde of the Philippines in a title bout here sometime in February.

Elorde's manager and father-in-law, Lope Sarreal, cabled the offer to Boysaw's manager Willie Ketchum, in Cleveland. The offer stipulates that in the event the Filipino champion loses to Boysaw, a return bout will be held in three months' time, also in Manila.

Boysaw is rated by the National Boxing Association as No. 1 challenger to Elorde's 130 - pound crown.

Kentucky Official Will Have 'Hand' In Kennedy Plans

FRANKFORT, Ky. (AP) — Lt. Gov. Wilson Wyatt will have an indirect hand in President-elect John F. Kennedy's pre-inauguration program.

Wyatt said Wednesday that a Kennedy aide has asked for a copy of a book Wyatt wrote in 1956 at the request of Adlai Stevenson. Wyatt was Stevenson's campaign manager in 1952 and his personal advisor in 1956.

The book recommends times and methods for selecting aides, handling budget and foreign-military affairs, and other matters in the three-month period between the election of a president and his inauguration.

Catholic Youth Club Given Charter

The newly organized Catholic Youth Civics Club of St. Aloysius Parochial School has received its official charter from the Commission on American Citizenship in Washington.

Officers examining the charter are left to right, Sondra Bryan, reporter; Kerry Jarvis, president; Mary Ann McKeever, recording secretary; Jane Abrams, treasurer; Alice Harrington, corresponding secretary, and Ralph Winters, vice president.

Sister Mary Ritamarie, principal, and Sister Mary Ann Joseph, eight grade teacher, are club advisors.

The charter formally affiliates the unit with the national organization at the Catholic University of America. Although pupils of the eighth grade comprise the membership, it is also open to seventh graders.

Thousands of the clubs have been chartered in the United States for the purpose of developing informed and responsible young citizens.

This year's program will center on the theme, "Your Citizenship — Know It, Cherish It, Live It!" Members will get help in developing this theme from the Young Catholic Messenger, national weekly for students of the upper elementary grades.

Monthly articles in the periodical will point out the fundamentals of good citizenship and suggest practical projects.

5 Of 8 'Weathervane' Areas Survived Election On Tuesday

NEW YORK (AP) — Up until Tuesday there were eight counties, scattered across the country, known as "weathervanes" in presidential elections.

All eight had unbroken records for at least a half century of voting for the winner in presidential elections.

Today only five had survived. Three counties—Albany in Wyoming, Vanderburgh in Indiana, and Jasper in Iowa—broke the tradition and cast a majority of their votes for Vice President Richard M. Nixon.

The veteran of weathervanes, Crook County, Ore., kept its slate clean and voted for the winner as it has for the past 78 years, although the state went to Nixon.

Two New Hampshire counties that have voted for the winner since the turn of the century—Coos and Stafford—also chalked up majorities for the victor again.

Iowa's other weathervane, Palo Alto County, went for Sen. John F. Kennedy and, with Jasper County falling by the wayside, became the only one of Iowa's 99 counties that has never voted wrong in this century.

Wyoming remained with one weathervane intact. Although its Albany County Gave Nixon a slight edge in nearly complete returns, Laramie County picked a winner again.

The post met Wednesday evening. The drive quota was 86 but the post now has 126 members.

The team headed by Francis Doak won the competition for members. The losing team will serve the winning team a dinner Dec. 3.

Plans were completed for the post's turkey shoot Nov. 19. There will be free coffee. The committee includes Steve Belich, Fred Stroud and Jack Waugaman.

William Cooper, commander, presided. Ralph Wells is adjutant.

Gas Theft

(Continued from Page One)

"individual" who whistled, but two employes of the terminal were bound over to the Grand Jury earlier in connection with the thefts.

Under cross-examination, the corporal told of "staking out" a Chester service station to watch for Glover to make a delivery of the gas. He said he parked in an unmarked state car on a parking lot between a tavern and a service station. After waiting about 20 to 25 minutes, he observed Glover pull his truck into the station, he said.

"Did Glover refer to the gas as stolen gas?" the solicitor asked.

"Yes, he did," the patrolman replied.

The defense introduced no evidence. However, Atty. Aronson presented arguments on his motion to reduce the charge from grand larceny to petty larceny. Grand larceny is an offense that must be tried in a higher court and which can result in a penitentiary sentence. Petty larceny is a charge that can be disposed of in the local court with a fine or a jail sentence.

Atty. Aronson said that state law makes $60 value the dividing line between petty larceny and grand larceny. He argued that the prosecution had not proved that the alleged theft involved more than $60 and contended that the charge should be reduced to petty larceny.

The solicitor replied that the state had shown the value of the allegedly stolen gas was over $60. He cited figures to show that the gasoline was worth 13 and a fraction cents a gallon and that the tank truck had a capacity of 547 gallons.

Overruling the defense motion, the judge said recently - enacted Ohio law makes it the responsibility of a jury to fix the value of the property involved when there is an offense against property. In effect, the jury determines whether the charge is grand larceny or petty larceny, he said. Then he ordered Glover held to court.

Overweight Boys Offered Challenge

Overweight teen age boys whose appetites are enormous seem to be completely baffled as to how to make a start at reducing.

By Ida Jean Kain

Boys, how do you feel about a right good challenge? Here it is: If you will cut out the in-between meal "junk" calories and pin yourself down to three good meals a day, you can get your weight down to healthy normal.

You don't have to stay fat, nor go hungry in order to reduce. Get acquainted with two terms, calories and nutrients. Food furnishes fuel for energy and the vital nutrients essential for growth, upkeep and operation of the body. When you take in more calories than needed to meet your energy demands, these extra calories are stored as fat.

—:—

CERTAIN FOODS, aptly termed protective, are known to be superior sources of the essential nutrients. These protective foods which furnish their full share of vital nutrients are: fruits and green and yellow vegetables; milk and cheese, lean meat; fish and fowl; and whole grains.

To be well nourished, plan your three meals around the protective foods. To reduce, cut calories in the non-essential sugars, starches and fats.

Your best defense against eating between meals is to start the day with a good breakfast. Tomorrow morning have fruit or juice, an egg or two, two slices of toast, lightly buttered and a glass of skim milk. Or, have cereal in place of the egg. That breakfast furnishes between 360 and 440 calories. Just skip the 400 calorie chocolate bar at morning recess.

Lunch: If you eat in a cafeteria, choose good food, but limit bread to one slice and pass up the rich dessert. For the carried lunch, take a sandwich and a half, three thin slices of bread with a generous filling of lean meat, chicken or cheese, plus mustard. Skip the butter and mayonnaise. Also have a piece of fruit and glass of milk.

After school you'll feel hungry. That is the time for a purposeful snack. Drink a glass of milk or eat a big red apple. If hungry before dinner, drink water.

At dinner eat whatever your mother has planned for the meal, but take only one helping of any dish. No seconds. Have a liberal portion of the meat, chicken or fish course, and a generous serving of the low calorie vegetables and one potato.

Skip the gravy and the fat part of the meat. Limit bread to one slice. Restrict dessert to fruit.

—:—

IF YOU WILL push away from the dinner table while you would still like to eat more, this can serve to cut that voracious appetite down to size.

Boys, have in mind something you want to do right after dinner ...and get up from the table. Act! In about 30 minutes you will not feel hungry.

Limit your reducing menus to between 1,400 and 1,600 calories a day.

Send long stamped, self-addressed envelope for "Teen Age Slimming Challenge" and "Revised Calorie Chart." Address your request to Ida Jean Kain in care of this newspaper. Postcard requests cannot be answered.

Park Group To Seek Loan

Plans to obtain a $6,000 loan for completion of the Community Building at the Chester City Park were discussed at a meeting of the Park Commission Wednesday night.

Harold Dickey, chairman, said a loan will be sought to pay off about $4,000 owed on the structure along with $2,000 needed to complete facilities, such as a kitchen.

Miss Sara Thomas, treasurer, reported $461 has been received in the quarterly letter solicitation for funds.

Dickey said he plans to request the aid of Rep. Arch Moore of the 1st Congressional District in seeking more funds for a section of park land along the Ohio River which will be covered when the river pool rises after completion of the Stratton Superdam.

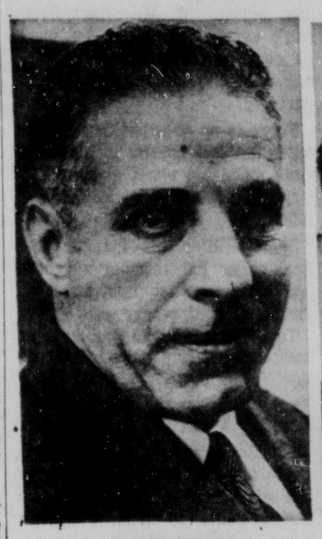

A Federal Court has already approved an offer of $100 from the U. S. Corps of Engineers, and Dickey said the commission may appeal the order if Rep. Moore can provide some kind of assistance. Dickey said the commission has estimated the value of the 0.67 of acre involved at $700.

Gains By GOP Pose Problem For Governor

COLUMBUS, Ohio (AP) — Ohio Republican election victories pose a tough legislative problem for Democratic Gov. Michael V. DiSalle.

GOP strategists geared their campaign to what they termed resentment over more than $300 million in tax increases voted by the last Democratic - dominated General Assembly at DiSalle's behest.

The issue paid off when Republicans regained control of both houses of the Ohio legislature, won most of the other major Buckeye races and delivered Ohio's 25 electoral votes to Vice President Richard M. Nixon.

DiSalle conceded the tax issue played a role in President - elect John F. Kennedy's loss of Ohio by nearly 265,000 votes in a record turnout at the polls.

Complete unofficial totals gave Nixon 2,182,944 and Kennedy 1,918,100.

Asserting that talk of a special legislative session this year could be discounted, the governor told newsmen:

"I don't want to deprive a Republican legislature of the responsibility they seek."

He mentioned an extension of the jobless pay period and steps to implement the federal old age medical care program as part of that responsibility.

"This (the election results) might very well be considered a mandate to wait for a Republican legislature to consider some of these programs," DiSalle added.

Republicans will outnumber Democrats 82-57 in the House and 20-18 in the Senate when the new legislature convenes next Jan. 2. Ten Democrats and four Republicans will be holdover senators.

In the last session, Democrats held a 68 - 61 advantage in the House and 20-13 in the Senate.

Five senators were added for the coming session under a membership formula based on the federal census, bringing the total to a record high of 38.

Sen. C. Stanley Mechem, R-Athens, regarded as the likely Senate majority leader, said Republicans "will make every effort" to carry out the party's legislative platform. Rep. Roger Cloud, R-Logan, expected to become House speaker, backed up Mechem. Both Mechem and Cloud were minority leaders in their respective houses last session.

The GOP platform promised local governments "a better break" in highway fund distribution by taking some $30 million for the Department of Highway Safety from general revenues instead of using motor vehicle license fees.

Mechem pictured Republican legislative victories as "a stop to the DiSalle tax binge" and Cloud agreed with him that the state's financial picture should be reviewed.

Their expressions boded ill for any further efforts by DiSalle to win approval for new or expanded programs from a Republican-controlled legislature. Although his mental health and welfare programs are financially hard - pressed, the governor previously indicated he would not seek new taxes.

In Tuesday's election, Republicans captured two congressional seats from Democrats to make the political division in the Ohio delegation 16-7. The present division is 14 Republicans and 8 Democrats with one Democratic seat vacant through a death.

Republican State Auditor James A. Rhodes got 1,836 more votes than Nixon to lead the Ohio ticket in his bid for a third term. Rhodes defeated Democrat James D. Ferguson, son of the state treasurer.

Complete unofficial returns gave Rhodes 2,184,780 and Ferguson 1,522,922.

Rhodes' showing generated speculation that he might become his party's choice for governor two years hence. He lost a gubernatorial bid to Democrat Frank J. Lausche, now a U.S. senator, in 1954.

The auditor's new term is for only two years so that in 1962 all elective state administrative terms of four years will coincide. Other present state executive officials now are midway through four-year terms.

DiSalle shouldered most of the blame for Kennedy's loss in Ohio. "I ought to realize that I just didn't match the opposition," he said. "I suppose some of the things we have done in trying to get the state back in balance might not have been politically wise."

The governor referred to his tax program but asserted that religion and adverse newspaper publicity played important roles. He termed the religious issue a swing factor. And he predicted that required reports on campaign expenditures would show that Ohio Republicans outspent Democrats 10-1.

DiSalle complained that some newspapers carried what he termed distorted stories about Democratic campaign activities and administration programs.

"We have a tough time getting our storyacross," he observed.

Ray C. Bliss of Akron, Republican state chairman, attributed GOP victories to teamwork from candidates down to precinct workers and to the enthusiasm of volunteers for Nixon and his runningmate, Henry Cabot Lodge.

Kennedy carried only 10 of Ohio's 88 counties. By contrast, 58 counties gave Nixon more votes than they gave President Eisenhower in 1956 when Ike carried Ohio by 823,000 votes. Sixteen other counties gave Nixon nearly as many votes as for Eisenhower then.

DiSalle said he took consolation in that Kennedy's efforts in Ohio required the vice president to spend time in the Buckeye State that he might have used elsewhere to change the final result

Hancock Vote Unchanged In Final Count

Complete returns from Hancock County confirmed the Democratic landslide in Tuesday's general election, widening the margin of victory for county winners.

Here's the vote in the county's 36 precincts:

A. L. Stackpole, Newell Democrat, was unopposed for county surveyor.

Rockefeller

(Continued from Page One)

day night: "If Mr. Rockefeller can't carry New York, he can't be reckoned a figure to be contended with in the Republican party."

There is no question that Rockefeller has lost ground in his home state since his upset election victory against a Democratic tide in 1958.

Shortly after his inauguration, Rockefeller put through a record tax increase that has been a source of controversy ever since.

To keep in the public eye, Rockefeller would have to win re-election in 1962. A victory seemingly would be much more difficult than it was two years ago.

But Rockefeller has shown ability to cut across party lines and win support from Democrats and independents. In addition, New York Democrats do not now appear to have a potential candidate to match Rockefeller's crowd appeal and grass-roots campaign techniques.

The governor obviously would have to overcome a reservoir of ill will he created among Republicans with his prolonged criticisms of Nixon last spring and early summer.

While the governor campaigned intensively for Nixon after the GOP convention, some Republican leaders are sure to feel that Rockefeller's earlier activities cost Nixon votes.

But memories of political leaders often are short when the question comes down to victory or defeat. Republican leaders would forgive Rockefeller a good deal if they thought he could help them recapture the White House.

Aid To Blind Speakers Heard By Ohio View Women's Unit

Two officials of Beaver County groups aiding the blind were guests for the program of the Ohio View Women's Club at the annual coverdish dinner meeting Monday night in the Fellowship Hall of the Ohio View Lutheran Church.

Mrs. Ed White introduced the speakers, J. Regis Meehan, president of the Beaver County Lighthouse, and George A. Emerick, representative of the Beaver County Eyebank. They screened and demonstrated a film on cornea transplants and emphasized the work and purpose of the eyebank.

Meehan said that age does not determine the value of eye donations. A question-and-answer period followed.

Mrs. Albert Hayes suggested a club project to obtain donors. Several club members have donated their eyes to the local eyebank.

Mrs. Ed Stephens, president, presided for business. Mrs. Calvin Dunlap extended the blessing.

The 17 guests of members were introduced by Mrs. Eugene George.

An invitation from the Beaver Women's Club was read. The reciprocity meeting will be held Nov. 18 at 2 p.m.

Mrs. Harrell Bomar announced that an organ recital will be given by Mr. Homer Shinton of the Cilli Music Center in East Liverpool at the next regular meeting of the club, December 5.

A workshop for fall flower arranging will be held if enough members are interested. Mrs. Lyle Hough and Mrs. Victor George will assist with instructions and suggestions for arrangements. Mrs. Bomar will hold a meeting in her garage for spraying materials and Mrs. Stephens has invited the workshop to her home for final arrangements.

The fall tour to the H. J. Heinz Co. in Pittsburgh was attended by 27 members and guests.

Members are to bring a donation of canned goods and 50 cents to the next meeting to complete baskets for needy families. A list of salvage materials needed by the Dixmont State Hospital was given members.

Committee reports were given by chairmen.

Six members, Mrs. Stephens, Mrs. Dunlap, Mrs. Bomar, Mrs. George Ross, Mrs. Harrell Brobeck and Mrs. Ed Inglefield, attend the recent county federation meeting.

Mrs. John Petrosky will be the hostess chairman at the December meeting, assisted by members of the legislative and youth conservation committees.

Mrs. Richard Herter presented the program, "An Evening of Fun." Prizes were awarded in games. Mrs. Amos Walker was chairman of the hostess committee.

Gains By GOP Pose Problem For Governor

COLUMBUS, Ohio (AP) — Ohio Republican election victories pose a tough legislative problem for Democratic Gov. Michael V. DiSalle.

GOP strategists geared their campaign to what they termed resentment over more than $300 million in tax increases voted by the last Democratic - dominated General Assembly at DiSalle's behest.

The issue paid off when Republicans regained control of both houses of the Ohio legislature, won most of the other major Buckeye races and delivered Ohio's 25 electoral votes to Vice President Richard M. Nixon.

DiSalle conceded the tax issue played a role in President - elect John F. Kennedy's loss of Ohio by nearly 265,000 votes in a record turnout at the polls.

Complete unofficial totals gave Nixon 2,182,944 and Kennedy 1,918,100.

Asserting that talk of a special legislative session this year could be discounted, the governor told newsmen:

"I don't want to deprive a Republican legislature of the responsibility they seek."

He mentioned an extension of the jobless pay period and steps to implement the federal old age medical care program as part of that responsibility.

"This (the election results) might very well be considered a mandate to wait for a Republican legislature to consider some of these programs," DiSalle added.

Republicans will outnumber Democrats 82-57 in the House and 20-18 in the Senate when the new legislature convenes next Jan. 2. Ten Democrats and four Republicans will be holdover senators.

In the last session, Democrats held a 68 - 61 advantage in the House and 20-13 in the Senate.

Five senators were added for the coming session under a membership formula based on the federal census, bringing the total to a record high of 38.

Sen. C. Stanley Mechem, R-Athens, regarded as the likely Senate majority leader, said Republicans "will make every effort" to carry out the party's legislative platform. Rep. Roger Cloud, R-Logan, expected to become House speaker, backed up Mechem. Both Mechem and Cloud were minority leaders in their respective houses last session.

The GOP platform promised local governments "a better break" in highway fund distribution by taking some $30 million for the Department of Highway Safety from general revenues instead of using motor vehicle license fees.

Mechem pictured Republican legislative victories as "a stop to the DiSalle tax binge" and Cloud agreed with him that the state's financial picture should be reviewed.

Their expressions boded ill for any further efforts by DiSalle to win approval for new or expanded programs from a Republican-controlled legislature. Although his mental health and welfare programs are financially hard - pressed, the governor previously indicated he would not seek new taxes.

In Tuesday's election, Republicans captured two congressional seats from Democrats to make the political division in the Ohio delegation 16-7. The present division is 14 Republicans and 8 Democrats with one Democratic seat vacant through a death.

Republican State Auditor James A. Rhodes got 1,836 more votes than Nixon to lead the Ohio ticket in his bid for a third term. Rhodes defeated Democrat James D. Ferguson, son of the state treasurer.

Complete unofficial returns gave Rhodes 2,184,780 and Ferguson 1,522,922.

Rhodes' showing generated speculation that he might become his party's choice for governor two years hence. He lost a gubernatorial bid to Democrat Frank J. Lausche, now a U.S. senator, in 1954.

The auditor's new term is for only two years so that in 1962 all elective state administrative terms of four years will coincide. Other present state executive officials now are midway through four-year terms.

Retired Professor Speaker

275 At 'Guest Night' Event Of Business Women's Club

Over 275 attended the annual "Guest Night" observance of the Business and Professional Women's Club Wednesday at the Elks Club ballroom.

Dr. Harry Ridenour of Berea, a retired professor of English at Baldwin-Wallace College, spoke on "How Folklore Can Enrich Your Life." He explained these "word-of-mouth" traditional songs originated from customs of religious sects. Relating their history, he chanted many ballads.

A musical program was presented by the Serbian Choir of the Holy Trinity Church of Youngstown. The mixed chorus of 32 voices gave a variety of selections under the direction of Mrs. Grace Straw Wilson, a former member of the Metropolitan Opera Co. who teaches voice in Youngstown. Because she is not of Serbian nationality, choir members translate the songs for her.

Preceding each selection, the songs were interpreted for the group. Featured were duets, solos and a trio, which presented "Serbian Rock 'n' Roll." They were accompanied by the Tambouritzans.

Highlighting the program were the "Kola Dancers," who demonstrated the traditional Serbian dance. They were dressed in handmade costumes, accented with unique embroidery and imported from Europe. The choir has been together for over 15 years.

Miss Helen Bibbee, president, extended the welcome. Mrs. Nova Runyon, international relations chairman, introduced the guest performers.

Refreshments were served at a buffet table covered with a green satin cloth. An antique brass candelabra along with gold - sprayed fall fruits and gourds complemented the setting. Presiding at the silver tea services were Miss Bibbee, Miss Frances Jones, Miss Ruth Burrell and Mrs. Nessie Dunlop.

The meeting was arranged by the international relations and membership committees. Mrs. Runyon was assisted by Mrs. Ruthella Kerr, Mrs. Donna Allison, Miss Margaret Baum, Miss Janice Brookman, Mrs. Grace Craven, Mrs. Ruby Dawson, Mrs. Mary Jane Frontone, Mrs. Shirley McBurney, Miss Gladys Rinehart and Miss Della Ingles.

Mrs. Wilma Mason, membership chairman, was assisted by Mrs. Lydia Crawford, Miss Josephine Bonessi, Mrs. Miriam Calhoun, Mrs. Betty Ebaugh, Mrs. Jane Jolly, Mrs. Irma Larkins, Miss Mary Alice Lemal, Mrs. Mary McCullough, Mrs. Madeline Mack, Mrs. Gertrude Reese, Mrs. Ethel Wambaugh, Miss Joan Witt and Miss Grace Woodward.

The president reminded members of the Christmas party to be given for the Child Health Clinic on Dec. 11 at the Elks Lodge. Volunteers are needed for decorating the ballroom the Friday preceding and to assist with the event. Mrs. Mary Hartt, chairman, requested that gifts be brought to her office by Dec. 6.

The annual club Christmas party with gift exchange is scheduled Dec. 14 at the Travelers Hotel. The music, mutual service and public relations committees will be in charge of arrangements.

5 From County Attend Luncheon At Cleveland

Five Columbiana County area persons in health service were among 200 who attended the Cuyahoga County Anti-Tuberculosis Association luncheon in Cleveland Tuesday.

They were Mrs. Jeanette Carpenter of East Liverpool, Mrs. Elizabeth Stacy of Salem, Mrs. Carrie Strause of Leetonia and Mrs. Mary Alice Rumberger of Lisbon, registered nurses with the East Liverpool, Salem and County health and TB departments, along with Mrs. Geneva Brown of Lisbon, X-ray technician of the County TB Clinic.

Ten medical men comprised a group in a roundtable discussion on health problems and tests.

Injuries Prove Fatal

COLUMBUS, Ohio (AP)—Charles B. Cunningham, 90, of Columbus, a retired Licking County farmer, died in Grant Hospital Wednesday from injuries suffered four hours earlier when he was struck by a car on a downtown street. Cunningham shielded his own vision by holding an umbrella low over his head, police said. The driver was not held.

Retired Professor Speaker

275 At 'Guest Night' Event Of Business Women's Club

Over 275 attended the annual "Guest Night" observance of the Business and Professional Women's Club Wednesday at the Elks Club ballroom.

Dr. Harry Ridenour of Berea, a retired professor of English at Baldwin-Wallace College, spoke on "How Folklore Can Enrich Your Life." He explained these "word-of-mouth" traditional songs originated from customs of religious sects. Relating their history, he chanted many ballads.

A musical program was presented by the Serbian Choir of the Holy Trinity Church of Youngstown. The mixed chorus of 32 voices gave a variety of selections under the direction of Mrs. Grace Straw Wilson, a former member of the Metropolitan Opera Co. who teaches voice in Youngstown. Because she is not of Serbian nationality, choir members translate the songs for her.

Preceding each selection, the songs were interpreted for the group. Featured were duets, solos and a trio, which presented "Serbian Rock 'n' Roll." They were accompanied by the Tambouritzans.

Highlighting the program were the "Kola Dancers," who demonstrated the traditional Serbian dance. They were dressed in handmade costumes, accented with unique embroidery and imported from Europe. The choir has been together for over 15 years.

Miss Helen Bibbee, president, extended the welcome. Mrs. Nova Runyon, international relations chairman, introduced the guest performers.

Refreshments were served at a buffet table covered with a green satin cloth. An antique brass candelabra along with gold - sprayed fall fruits and gourds complemented the setting. Presiding at the silver tea services were Miss Bibbee, Miss Frances Jones, Miss Ruth Burrell and Mrs. Nessie Dunlop.

The meeting was arranged by the international relations and membership committees. Mrs. Runyon was assisted by Mrs. Ruthella Kerr, Mrs. Donna Allison, Miss Margaret Baum, Miss Janice Brookman, Mrs. Grace Craven, Mrs. Ruby Dawson, Mrs. Mary Jane Frontone, Mrs. Shirley McBurney, Miss Gladys Rinehart and Miss Della Ingles.

Mrs. Wilma Mason, membership chairman, was assisted by Mrs. Lydia Crawford, Miss Josephine Bonessi, Mrs. Miriam Calhoun, Mrs. Betty Ebaugh, Mrs. Jane Jolly, Mrs. Irma Larkins, Miss Mary Alice Lemal, Mrs. Mary McCullough, Mrs. Madeline Mack, Mrs. Gertrude Reese, Mrs. Ethel Wambaugh, Miss Joan Witt and Miss Grace Woodward.

The president reminded members of the Christmas party to be given for the Child Health Clinic on Dec. 11 at the Elks Lodge. Volunteers are needed for decorating the ballroom the Friday preceding and to assist with the event. Mrs. Mary Hartt, chairman, requested that gifts be brought to her office by Dec. 6.

The annual club Christmas party with gift exchange is scheduled Dec. 14 at the Travelers Hotel. The music, mutual service and public relations committees will be in charge of arrangements.

5 From County Attend Luncheon At Cleveland

Five Columbiana County area persons in health service were among 200 who attended the Cuyahoga County Anti-Tuberculosis Association luncheon in Cleveland Tuesday.

They were Mrs. Jeanette Carpenter of East Liverpool, Mrs. Elizabeth Stacy of Salem, Mrs. Carrie Strause of Leetonia and Mrs. Mary Alice Rumberger of Lisbon, registered nurses with the East Liverpool, Salem and County health and TB departments, along with Mrs. Geneva Brown of Lisbon, X-ray technician of the County TB Clinic.

Ten medical men comprised a group in a roundtable discussion on health problems and tests.

Injuries Prove Fatal

COLUMBUS, Ohio (AP)—Charles B. Cunningham, 90, of Columbus, a retired Licking County farmer, died in Grant Hospital Wednesday from injuries suffered four hours earlier when he was struck by a car on a downtown street. Cunningham shielded his own vision by holding an umbrella low over his head, police said. The driver was not held.

Maris Named American League's Most Valuable Player For 1960 Season

ROGER MARIS
Most Valuable In AL.

RAYTOWN, Mo. (AP) — Roger Maris, the American League's most valuable player for 1960, brushed aside comment on his award today with the declaration that the New York Yankees "should go on and win it again next year."

A four-year major league veteran, Maris edged Yankee teammate outfielder Mickey Mantle by only three points—225 to 222—in the voting of a 24-man committee of the Baseball Writers Association of America. Ten players were included in the voting, announced Wednesday, with 14 points awarded for first place, nine for second, eight for third, etc.

Asked how he felt about beating out Mantle—most valuable in 1956 and 1957 — the Yankee outfielder said:

"I'm just happy I won it. I thought it was possible but I wasn't sure."

Maris, 26, celebrated his fourth year in the majors—Cleveland one year and Kansas City two before becoming a Yank—by leading the American League in runs batted in (112) and slugging percentages (.581). He batted .283 and hit 39 home runs, one fewer than title-winning Mantle.

Brooks Robinson, Baltimore's talented third baseman, was third in the voting with 211 points. It was the first time in history of the award three players received more than 200 points.

Following Robinson in the voting were Minnie Minoso, Chicago, 141; Ron Hansen, Baltimore, 110; Al Smith, Chicago, 73; Roy Sievers, Chicago, 58; Earl Battey, Washington, 57; Bill Skowron, New York, 56, and Jim Lemon, Washington, 56.

Stewart Bowls 690, Almost Has Triplicate

Southpaw Chuck Stewart must have been going after Al Sayre's high series of 721 Tuesday night in the Federal League at the Don-Bus Alleys. Stewart fired a 690 series. He not only missed a 700 patch but came close to rolling a triplicate. His scores were 224, 233 and 233. Chuck rolls for CIO 1212. He had a 659 series in the National League Monday night.

Cards Seen Improved On Defense

CLEVELAND (AP) — The St. Louis Cardinals, who play the Cleveland Browns here Sunday, are a greatly improved defensive team, according to Mike Nixon, coach of the Washington Redskins.

Nixon, who has had a good chance to look at both the Cards and the Browns, said he would be hard put to compare the two teams.

"But I know the Cards have a greatly improved defensive team, that they are hustling, and that that's very important. They'll have their hands full because Cleveland has a fine offensive team. It ought to be a good contest."

The Browns beat the Redskins 31-10 two Sundays ago, and the Cards trounced them 44-7 last Sunday.

"That John Crow is a one-man gang," said Nixon, speaking of the 25-year-old halfback who scored two touchdowns and led both teams in rushing with 84 yards in 18 carries. "I haven't seen a better one in this league in a long time. He's the best back in the league, bar none."

In addition to his running, Crow connected on two touchdown passes for 75 yards.

The Cards have scored 174 points in seven games and have given up 144. That's an average of 25 per game scored and 20 allowed, compared with 31 scored and 18 permitted by the Browns.

St. Louis could move ahead of the Browns by winning Sunday.

The Browns are third in the National Football League with a 4-2 record, behind the Philadelphia Eagles (5-1) and the New York Giants (4-1-1). The Cardinals are 4-3.

The International Association of Fire Chiefs predicts fire losses in the United States for 1960 will total more than $1,072,000,000, a new record.

Minnesota's Brown Named Top Lineman

MINNEAPOLIS (AP) — Strange things happen to Minnesota football rivals when a restless mauler named Tom Brown looms in view.

"Brown," smiled Gopher Coach Murray Warmath, "affects people that way."

He affected Iowa so painfully Saturday that the Hawkeyes lurched and foundered, lost their big game to Minnesota 27-10 and surrendered No. 1 rank in the nation to the Gophers.

For his work, Brownie was named the Associated Press lineman of the week.

Brown, a 240-pound guard, is so tough his reputation alone bothers people.

In the Iowa game center Bill Van Buran snapped his center pass two feet over the head of punter John Calhoun and Minnesota had a touchdown two plays later.

Brown makes no claim that Bill got a little edgy bracing for the Gopher lineman's charge. "But you're not human if you don't worry with Brownie looking down your throat," a teammate said.

Against Iowa the 23-year-old former Navy policeman sealed off the middle on defense, helped protect the flanks, opened the road for numerous gains and delivered the most spectacular defensive play of the game.

On that one he hurled lineman Iowa Bill Decindio into quarterback Wilburn Hollis to break up a play on the 5-yard line and force Iowa into a field goal attempt.

Allen To Face Gophers

Buckeyes Throw One-Two Punch At Iowa Saturday

CHICAGO (AP)—Ohio State will face Iowa Saturday with the Big Ten's greatest one-two punch—fullback Bob Ferguson and quarterback Tom Matte.

Ferguson continues as the conference's leading rusher and Matte as the No. 1 passer, according to official statistics today.

Ferguson has rammed 400 net yards in 78 trips for a 5.1 average. Matte has hit on 21 of 35 passes for a .600 percentage, 317 yards and four touchdowns. The statistical grading system gives him the No. 1 ranking with Purdue's Bernie Allen second.

Allen, who will face the unbeaten Gophers at Minnesota Saturday, has made good on 40 of 66 tosses for a .606 percentage, 470 yards

For sheer yardage gained, however, Wisconsin's Ron Miller is tops. His 49 strikes in 93 pitches have been good for 666 yards and one touchdown. He has had eight interceptions.

Miller's aerial work, plus 41 yards rushing, gives him he total offense lead with 707 yards. Matte is second with 529 and Allen third with 564. Matte's 6-5 yards a play is tops.

Matte also is second in rushing with 312 yards in 62 carries for a 5-yard average.

Minnesota remains the No. 1 defensive club statistically. Behind the charges of Matte and Ferguson, Ohio State continues as the leader on offense. The Bucks have averages of 27.5 points, 15.8 first downs and 333.5 yards.

Casey, Tigers Begin Huddle

GLENDALE, Calif. (AP)—Casey Stengel went into conference with executives of the Detroit Tigers today after indicating he "might be interested" in managing the American League team in 1961.

"I want to see if it's a good situation they have, what their plans are for getting ballplayers, and making deals," said the 70-year-old ex-New York Yankee pilot of the sixth place Tigers.

"I do not want to get tangled up with any second division team unless it is willing to make some important changes."

Some observers took that to mean Casey is not at all interested in the Los Angeles Americans, whose roster will be composed of nonexempts from other teams in the league.

Stengel is meeting at his home with Rick Ferrell, chief aide to President John Fetzer of the Tigers, and Vice President James Campbell.

Wilt Tallies 46 In Warriors' Win; Hawks Triumph

By The Associated Press

Wilt Chamberlain keeps on scoring baskets and the Philadelphia Warriors keep on winning games. That's been the theme of the National Basketball Association season so far.

Chamberlain amassed 46 points Wednesday night as the streaking Warriors defeated the Los Angeles Lakers 125-118 for their seventh consecutive victory.

The Philadelphia-Los Angeles game was the opener of a doubleheader at St. Louis. In the second game, the Hawks posted their fifth straight triumph in beating the Detroit Pistons 126-120.

Chamberlain's scoring output was the highest individual effort of the season. He also had the season's previous high of 44.

Dike Beede To Appear At Allen Fete Nov. 25

Dike Beede, the successful Youngstown University football coach, has been added to the long list of guests who will appear at the "Bernie Allen Night" dinner Nov. 25 at the East Liverpool Elks Lodge.

Beede is in his 19th year as head coach of the Penguins and holds the rare distinction of being the only coach in the history of the University. His teams have won 94 while losing 63.

Jim Welch, chairman of the "Allen Night" committee, said Red Donley, sports director for WSTV-TV, who also broadcasts Pittsburgh Steeler games in the NFL, would be master of ceremonies.

Bob DeMoss, backfield coach at Purdue, who will be the guest speaker, informed the club he would screen movies of the Ohio State-Purdue game at the affair.

Welch also announced that the program would get underway at 8:15 p. m. instead of the original 7:30 starting time because of the Christmas parade downtown and the late closing hours for stores.

Ohio U. Remains On Top As Showdown Tilt Nears

By The Associated Press

There are so many classy small college football teams around that one defeat can prove costly when it comes to making The Associated Press' top 10 rankings.

Southern Illinois absorbed its first defeat of the year—27-6 by all-winning Bowling Green—and dropped completely out of the top 10. A week ago Southern Illinois was sixth in the AP rankings, made by football experts in eight districts of the country.

Ohio University's Bobcats maintained their hold on first place by whipping Marshall 19-0 in the rain for their eighth consecutive victory. Right behind the Bobcats are nine other all-winning teams.

Lenoir Rhyne moved into second place in a switch with Florida A&M's high-scoring Rattlers. Bowling Green (7-0) moved up to fourth from fifth, followed by Iowa State Teachers, Tufts, Whitworth, Fresno State, Humboldt State and Muskingum (7-0).

Ohio U's ranking will be endangered Saturday when it meets Bowling Green for the Mid-American Conference title. A week later Ohio U. faces Southern Illinois, a team hoping to regain prestige.

1.	Ohio U. (4)	64
2.	Lenoir Rhyne (2)	59
3.	Florida A&M (1)	45
4.	Bowling Green	39
5.	Iowa State Tchrs	38
6.	Tufts (1)	28
7.	Whitworth	22

Canton Central Shows 'Ohio State' Type Offense; Has 7-1 Mark

With a winning season already in the books, the East Liverpool Potters now turn to Canton Central Catholic, their next to last foe of the season.

Kickoff time Saturday at the Central Stadium will be 8 p. m. The stadium is located on the Canton-Massillon Rd. (Route 30).

The Potters came out of their upset over Salem without an injury and Coach Lou Venditti reported his squad in good shape.

Saturday's opponent is no pushover, in fact the game should be close all the way. East Liverpool enters the game with a 6-3 mark.

Canton Central, ranked 17th in this week's poll, has an impressive 7-1 record. The Crusaders under John McVay have lost only two of their last 18 games.

In 1959, McVay's team posted a 9-1 mark and finished seventh in the final high school football poll.

A 27-6 loss to a strong Akron St. Vincent combine is the only setback that has marred Central's record. Since that game, the Canton eleven has marched to six straight victories and has allowed only three touchdowns.

Canton has blanked its last two opponents. The Crusaders opened with a 22-6 win over Youngstown Ursuline, lost to St. Vincent, then notched this victory string: 6-0 over Jackson; 28-8 over Cincinnati St. Xavier; 40-7 over Canton Timken; 18-6 over Toledo Woodward; 36-0 over Canton Lincoln. and 32-0 over Lakewood St. Edward.

Central is labled a "Woody Hayes" type club. It believes in ball control and grinding out yardage. The Potters will have to worry about more than four backs. McVay, who captained Miami of Ohio while in college, has two other backs he runs in and out of the lineup.

There is no outstanding runner for the Crusaders, they all being fairly evenly matched. However, in last week's game with Lakewood, halfback Paul Penny scored 22 of his team's points, the biggest outburst by any player this season. Penny is a 145-pounder.

Tom Bercherer (150) probably will start at right half, while Jim Blubaugh (190) will get the call at halfback. Rick Chapis, the team's top scorer, will be at quarterback.

Ed Walsh and Fred McDonald will be alternating in the backfield. Walsh is one of the team's leading ground gainers, averaging 5.6 yards per carry and has picked up 430 in all.

The Canton line will have the edge in weight, an advantage the Potters haven't had all season.

Jim Proebstle (200) and Carl Sanislo (165) will be at ends, Gerry Johnson (200) and Terry Clark (175) at tackles, Dick Kessler (180) and Doug Pedrotty (165) at guards and Norm Nicola, the biggest man on the starting eleven at 220, at center.

Brown, Beabout Top List Of All-America Linemen

By JERRY LISKA
Associated Press Sports Writer

CHICAGO (AP)—A couple of B-boys, who put bees in their opponents' bonnets, will tangle as All-America prospects in top-ranked Minnesota's Saturday challenge by dangerous Purdue.

One is this area's most impressive All-America candidates, guard Tom Brown, a 243-pound Gopher play-wrecker. The other is Purdue's 222-pound tackle, Jerry Beabout, who has been a thorn in the side of every Boilermaker opponent.

The Midwest All-America selection board today continued high praise of Brown after Minnesota's 27-10 upset of the nation's No. 1 team, Iowa, last Saturday. Brown Wednesday was named Associated Press lineman of the week for his superlative play against Iowa.

"In my opinion, he's the best football player in America," said board member Bill Jauss of the Chicago Daily News. Dick Cullum, grid expert of the Minneapolis Tribune said "if an interior lineman could win the Heisman Award, Brown would be the one."

Other top - rated Midwest All-America candidates include quarterback Tom Matte and fullback Bob Ferguson of Ohio State; ends Earl Faison of Indiana and Elbert Kimbrough of Northwestern; and quarterback Wilburn Hollis of Iowa.

Matte and Hollis hook up in a personal feud Saturday as the Buckeyes and Hawkeyes clash at Iowa City in a nationally televised game which could produce a Big Ten co-champion — if Minnesota stumbles against Purdue or Wisconsin.

Matte leads the Big Ten in passing and is second in rushing to bull-like Buckeye mate Ferguson.

The towering, fierce Faison continues to be a sterling performer even though Indiana is a Big Ten orphan and has won only one of seven games. Ohio State coach Woody Hayes said of Faison after the Buckeyes' 36-7 rout of the Hoosiers Saturday: "He is one of the great ones to play in Ohio Stadium."

The Associated Press board this week also cast special citations to such players as end Tom Hall, fullback Toger Hagberg, tackle Bobby Bell and quarterback Sandy Stephens of Minnesota; fullback Mike Stock of Northwestern; halfback Bill Tunnicliff of Michigan; and halfback Jim Tiller of Purdue.

Springfield's Hockey Leaders Drop 3rd In Row

By The Associated Press

If the Springfield Indians had entertained any thoughts of making a runaway of the American Hockey League race, the notion has been quickly dispelled.

The Indians, who won 11 of their first 13 games, lost their third straight Wednesday night to tighten things up considerably. The Hershey Bears turned back Springfield 3-2 while the Buffalo Bisons whipped the Rochester Americans 5-2.

Springfield's lead over runner-up Quebec was cut to two points. Hershey moved into fourth place, one point behind third-place Cleveland. Buffalo's climbed to fifth place as Rochester fell to sixth.

The Indians' setback snapped a seven-game winning streak at home. The three straight defeats all have been by the same score, 3-2.

Willie Marshall, who assisted on Hershey's first two goals, scored the deciding tally.

Site, Date For Third Title Bout To Be Set

NEW YORK (AP) — The site and date of the third Floyd Patterson-Ingemar Johansson heavyweight title fight probably will be announced within a week.

Managing Director Humbert Fugazy of Feature Sports, Inc., announced Wednesday two more bids have been received for the rubber match, bringing the total to four outside of New York. He declined to disclose details.

Because the Caspian Sea is gradually shrinking, some fishing villages along the 2,000-mile Russian coastline now stand miles from water.

City Cage Loop To Open Nov. 30 With Six Teams

Six teams have entered the City Basketball League Wednesday night and will be ready to open play on Nov. 30.

Five of the six squads which were entered in 1959 are back in the fold with the East End Merchants the new entry.

The other five include the Chester Merchants, managed by Ted Robinson; Wellsville Merchants, Ralph Fusco coach; Freed's, Bob Freed sponsor; George Bright Real Estate, Keith Bishop coach; Midland USW, Tony Verzilli, coach.

Chick McMillan and Jim Tice will handle the East End Merchants.

The league will run straight through with the team winning the most games declared the league champ. The league will not be divided into two halves.

A playoff among the top four teams will be held after the regular season. Trophies will be awarded to the season champs and the winner of the playoff.

Officials of the Little Potters League, sponsors of the City Loop, reminded the coaches that entry fees are due by Nov. 15.

Dark Names Two To Coach Giants

SAN FRANCISCO (AP) — Alvin Dark made his first decisions as manager of the San Francisco Giants Wednesday. He hired two former teammates as coaches.

Dark, signed last week, selected Larry Jansen and Whitey Lockman and retained Wes Westrum and Salty Parker for his coaching staff. Bill Posedel was released to make way for Jansen as boss of the bullpen.

Dark, Lockman, Jansen and Westrum were all key figures for the Giants that October day in 1951 when Bobby Thomson's home run beat the Brooklyn Dodgers in a National League playoff and gave the Giants their first pennant in 14 years.

Maris Named American League's Most Valuable Player For 1960 Season

ROGER MARIS
Most Valuable In AL.

RAYTOWN, Mo. (AP) — Roger Maris, the American League's most valuable player for 1960, brushed aside comment on his award today with the declaration that the New York Yankees "should go on and win it again next year."

A four-year major league veteran, Maris edged Yankee teammate outfielder Mickey Mantle by only three points—225 to 222—in the voting of a 24-man committee of the Baseball Writers Association of America. Ten players were included in the voting, announced Wednesday, with 14 points awarded for first place, nine for second, eight for third, etc.

Asked how he felt about beating out Mantle—most valuable in 1956 and 1957 — the Yankee outfielder said:

"I'm just happy I won it. I thought it was possible but I wasn't sure."

Maris, 26, celebrated his fourth year in the majors—Cleveland one year and Kansas City two before becoming a Yank—by leading the American League in runs batted in (112) and slugging percentages (.581). He batted .283 and hit 39 home runs, one fewer than title-winning Mantle.

Brooks Robinson, Baltimore's talented third baseman, was third in the voting with 211 points. It was the first time in history of the award three players received more than 200 points.

Following Robinson in the voting were Minnie Minoso, Chicago, 141; Ron Hansen, Baltimore, 110; Al Smith, Chicago, 73; Roy Sievers, Chicago, 58; Earl Battey, Washington, 57; Bill Skowron, New York, 56, and Jim Lemon, Washington, 56.

Stewart Bowls 690, Almost Has Triplicate

Southpaw Chuck Stewart must have been going after Al Sayre's high series of 721 Tuesday night in the Federal League at the Don-Bus Alleys. Stewart fired a 690 series. He not only missed a 700 patch but came close to rolling a triplicate. His scores were 224, 233 and 233. Chuck rolls for CIO 1212. He had a 659 series in the National League Monday night.

Cards Seen Improved On Defense

CLEVELAND (AP) — The St. Louis Cardinals, who play the Cleveland Browns here Sunday, are a greatly improved defensive team, according to Mike Nixon, coach of the Washington Redskins.

Nixon, who has had a good chance to look at both the Cards and the Browns, said he would be hard put to compare the two teams.

"But I know the Cards have a greatly improved defensive team, that they are hustling, and that that's very important. They'll have their hands full because Cleveland has a fine offensive team. It ought to be a good contest."

The Browns beat the Redskins 31-10 two Sundays ago, and the Cards trounced them 44-7 last Sunday.

"That John Crow is a one-man gang," said Nixon, speaking of the 25-year-old halfback who scored two touchdowns and led both teams in rushing with 84 yards in 18 carries. "I haven't seen a better one in this league in a long time. He's the best back in the league, bar none."

In addition to his running, Crow connected on two touchdown passes for 75 yards.

The Cards have scored 174 points in seven games and have given up 144. That's an average of 25 per game scored and 20 allowed, compared with 31 scored and 18 permitted by the Browns.

St. Louis could move ahead of the Browns by winning Sunday.

The Browns are third in the National Football League with a 4-2 record, behind the Philadelphia Eagles (5-1) and the New York Giants (4-1-1). The Cardinals are 4-3.

The International Association of Fire Chiefs predicts fire losses in the United States for 1960 will total more than $1,072,000,000, a new record.

Minnesota's Brown Named Top Lineman

MINNEAPOLIS (AP) — Strange things happen to Minnesota football rivals when a restless mauler named Tom Brown looms in view.

"Brown," smiled Gopher Coach Murray Warmath, "affects people that way."

He affected Iowa so painfully Saturday that the Hawkeyes lurched and foundered, lost their big game to Minnesota 27-10 and surrendered No. 1 rank in the nation to the Gophers.

For his work, Brownie was named the Associated Press lineman of the week.

Brown, a 240-pound guard, is so tough his reputation alone bothers people.

In the Iowa game center Bill Van Buran snapped his center pass two feet over the head of punter John Calhoun and Minnesota had a touchdown two plays later.

Brown makes no claim that Bill got a little edgy bracing for the Gopher lineman's charge. "But you're not human if you don't worry with Brownie looking down your throat," a teammate said.

Against Iowa the 23-year-old former Navy policeman sealed off the middle on defense, helped protect the flanks, opened the road for numerous gains and delivered the most spectacular defensive play of the game.

On that one he hurled lineman Iowa Bill Decindio into quarterback Wilburn Hollis to break up a play on the 5-yard line and force Iowa into a field goal attempt.

Allen To Face Gophers

Buckeyes Throw One-Two Punch At Iowa Saturday

CHICAGO (AP)—Ohio State will face Iowa Saturday with the Big Ten's greatest one-two punch—fullback Bob Ferguson and quarterback Tom Matte.

Ferguson continues as the conference's leading rusher and Matte as the No. 1 passer, according to official statistics today.

Ferguson has rammed 400 net yards in 78 trips for a 5.1 average. Matte has hit on 21 of 35 passes for a .600 percentage, 317 yards and four touchdowns. The statistical grading system gives him the No. 1 ranking with Purdue's Bernie Allen second.

Allen, who will face the unbeaten Gophers at Minnesota Saturday, has made good on 40 of 66 tosses for a .606 percentage, 470 yards

For sheer yardage gained, however, Wisconsin's Ron Miller is tops. His 49 strikes in 93 pitches have been good for 666 yards and one touchdown. He has had eight interceptions.

Miller's aerial work, plus 41 yards rushing, gives him he total offense lead with 707 yards. Matte is second with 529 and Allen third with 564. Matte's 6-5 yards a play is tops.

Matte also is second in rushing with 312 yards in 62 carries for a 5-yard average.

Minnesota remains the No. 1 defensive club statistically. Behind the charges of Matte and Ferguson, Ohio State continues as the leader on offense. The Bucks have averages of 27.5 points, 15.8 first downs and 333.5 yards.

Casey, Tigers Begin Huddle

GLENDALE, Calif. (AP)—Casey Stengel went into conference with executives of the Detroit Tigers today after indicating he "might be interested" in managing the American League team in 1961.

"I want to see if it's a good situation they have, what their plans are for getting ballplayers, and making deals," said the 70-year-old ex-New York Yankee pilot of the sixth place Tigers.

"I do not want to get tangled up with any second division team unless it is willing to make some important changes."

Some observers took that to mean Casey is not at all interested in the Los Angeles Americans, whose roster will be composed of nonexempts from other teams in the league.

Stengel is meeting at his home with Rick Ferrell, chief aide to President John Fetzer of the Tigers, and Vice President James Campbell.

Wilt Tallies 46 In Warriors' Win; Hawks Triumph

By The Associated Press

Wilt Chamberlain keeps on scoring baskets and the Philadelphia Warriors keep on winning games. That's been the theme of the National Basketball Association season so far.

Chamberlain amassed 46 points Wednesday night as the streaking Warriors defeated the Los Angeles Lakers 125-118 for their seventh consecutive victory.

The Philadelphia-Los Angeles game was the opener of a doubleheader at St. Louis. In the second game, the Hawks posted their fifth straight triumph in beating the Detroit Pistons 126-120.

Chamberlain's scoring output was the highest individual effort of the season. He also had the season's previous high of 44.

Dike Beede To Appear At Allen Fete Nov. 25

Dike Beede, the successful Youngstown University football coach, has been added to the long list of guests who will appear at the "Bernie Allen Night" dinner Nov. 25 at the East Liverpool Elks Lodge.

Beede is in his 19th year as head coach of the Penguins and holds the rare distinction of being the only coach in the history of the University. His teams have won 94 while losing 63.

Jim Welch, chairman of the "Allen Night" committee, said Red Donley, sports director for WSTV-TV, who also broadcasts Pittsburgh Steeler games in the NFL, would be master of ceremonies.

Bob DeMoss, backfield coach at Purdue, who will be the guest speaker, informed the club he would screen movies of the Ohio State-Purdue game at the affair.

Welch also announced that the program would get underway at 8:15 p. m. instead of the original 7:30 starting time because of the Christmas parade downtown and the late closing hours for stores.

Ohio U. Remains On Top As Showdown Tilt Nears

By The Associated Press

There are so many classy small college football teams around that one defeat can prove costly when it comes to making The Associated Press' top 10 rankings.

Southern Illinois absorbed its first defeat of the year—27-6 by all-winning Bowling Green—and dropped completely out of the top 10. A week ago Southern Illinois was sixth in the AP rankings, made by football experts in eight districts of the country.

Ohio University's Bobcats maintained their hold on first place by whipping Marshall 19-0 in the rain for their eighth consecutive victory. Right behind the Bobcats are nine other all-winning teams.

Lenoir Rhyne moved into second place in a switch with Florida A&M's high-scoring Rattlers. Bowling Green (7-0) moved up to fourth from fifth, followed by Iowa State Teachers, Tufts, Whitworth, Fresno State, Humboldt State and Muskingum (7-0).

Ohio U's ranking will be endangered Saturday when it meets Bowling Green for the Mid-American Conference title. A week later Ohio U. faces Southern Illinois, a team hoping to regain prestige.

Canton Central Shows 'Ohio State' Type Offense; Has 7-1 Mark

With a winning season already in the books, the East Liverpool Potters now turn to Canton Central Catholic, their next to last foe of the season.

Kickoff time Saturday at the Central Stadium will be 8 p. m. The stadium is located on the Canton-Massillon Rd. (Route 30).

The Potters came out of their upset over Salem without an injury and Coach Lou Venditti reported his squad in good shape.

Saturday's opponent is no pushover, in fact the game should be close all the way. East Liverpool enters the game with a 6-3 mark.

Canton Central, ranked 17th in this week's poll, has an impressive 7-1 record. The Crusaders under John McVay have lost only two of their last 18 games.

Westgate Rolls To 6th Straight, Stops East Junior, 44-16

Baker, Battestelli Pace Attack On Muddy Field

Quarterback Chuck Baker and halfback Curt Battestelli carried Westgate to the mythical City Junior High football championship with a 44-16 victory over East Junior High Wednesday on a sloppy Patterson Field.

Some 900 fans braved a steady drizzle to see the city's two junior high teams meet in their fifth annual contest.

Westgate broke an 8-8 tie in the second quarter and then went on to administer the defeat.

The victory gave Bill Erlitz' Westgate team an undefeated season with six straight victories. East Junior High ended the campaign with a 4-2 record.

East Junior drew first blood in the city rivalry when Mike Spencer skirted end 20 yards to paydirt in the opening quarter. Bob Mercer ran over the extra points and staked the Panthers to an 8-0 lead.

Westgate bounced right back and climaxed a drive on a 10-yard touchdown pass from Baker to Earl Olmstead. Olmstead took another pass for the conversion which provided the 8-8 deadlock.

The "Gators" then grabbed a lead they never lost when Curt Battestelli shot over from five yards out and Olmstead took another conversion pass.

Westgate scored once more before the half ended on a brilliant 74-yard run by Baker.

In the second half, Battestelli scored his second and third touchdowns. He raced 40 yards for a TD, then later took a 35-yard touchdown pass from Baker.

The Westgate quarterback threw his third touchdown aerial of the afternoon to Dave Chetwynd on a play covering 30 yards.

Spencer tallied both TD's for East, getting his second on a dazzling 40-yard sprint, then plunged for the two-point conversion.

East lost the services of its top scorer Mercer in the second period when he was ejected from the game for unsportsmanlike conduct.

The triumph was the fourth for Westgate in five games with East Junior High.

Cincinnati Is Seeking Grid Coach

CINCINNATI (AP)—The University of Cincinnati, plagued with several medicre seasons, shrinking crowds and lack of interest in membership in a conference that has only four football - playing schools, started on the hunt today for a new football coach.

George Blackburn Wednesday quit the job—one he has handled since 1955. He still had a year to go on a three-year contract.

Blackburn, who said only that he believed his resignation would be in the best interest of all concerned, will handle the Bearcat grid team through its final two games of the season against Marquette and Miami.

It was too soon to tell who Athletic Director George Smith might have in mind as Blackburn's successor but several names quickly came up.

They included Nick Skorich, now a line coach with the Philadelphia Eagles of the National pro league; Lowell Storm, head coach at Springfield South High School; Harry (Mick) Connolly, former coach at Xavier and now an assistant at Holy Cross, and Doyt Perry, coach at Bowling Green State University.

Skorich and Storm both are former Cincinnnati players.

The resignation of Blackburn, 47, was no great surprise. The Bearcats have lost five straight games and stand at 3-5 for the season. Two years ago the alumni "wolves" were howling for him even after a 6-2-2 season record.

Blackburn started 1960 with 21 won, 21 lost and 6 tied in his five years at U.C.

1-Handed End Snags 'Em For High School

By ROSS M. HAGEN
Associated Press Sports Writer

NASHVILLE, Ga. (AP)—Franklin Luke is pretty much like any personable young high school athlete you'd meet, except for one thing. His left arm ends just above the wrist.

Usually this would be enough to discourage anyone from pursuing such two-handed sports as football and basketball.

But the farm boy, at 17, is the first string end on the Berrien County High School football team and is one of their most dangerous offensive weapons.

In his latest outing, Luke nabbed a pass with his handless arm and ran for a touchdown. The play covered 35 yards.

Before losing his hand in a hay baler accident three years ago, young Luke appeared destined for a fine career in basketball.

"The accident didn't dampen his morale a bit," says his high school coach, Arnold Guiterrez. "After recovering, he went back out for basketball and did okay except in tight situations. He finally became discouraged and quit.

"This opened the door for another outlet—football.

"He catches the ball as well as anyone we've got and does a real good job for himself.

"Franklin is just a junior, but can hoist 135 pounds with his good arm. He can also do one-handed pushups. He has to. We don't show him any consideration so he has to do it all himself. He wouldn't want it any other way."

BROADCASTER Harry Wismer is shown in his apartment Wednesday in New York after word came that the National Football League expelled him as a part owner of the Washington Redskins and ordered him to sell his stock interest in the club within 30 days. Wismer is president of the New York Titans in the new American Football League. NFL Commissioner Pete Rozelle said Wismer's explusion was based on his violation of several provision's of the league's constitution, principally that governing conflict of interest. (UPI Telephoto)

Center Stars With One Arm At American

SPRINGFIELD, Mass. (AP) — Gerry Lebrasseur of American International College is a prime example of an athlete who has conquered major odds.

Born with one arm, Lebrasseur has written a life story of courage and inspiration.

The senior co-captain and center on the AIC football team is considered one of the finest linemen ever to play for the Aces.

And despite his disability, he has chosen to specialize in the roughest sports of all — football and hockey.

He's been a three-year starter in both and also has had a distinguished high school career in those sports.

The 24-year-old son of a Lynn carpenter came to AIC through the efforts of Dr. Elmo Benedetto, director of schoolboy athletics in the North Shore City.

Lebrasseur also plays intramural basketball and is an excellent swimmer. His major is in business, with a minor in education.

AIC Football Coach Gay Salvucci has this to say about his crack linebacker and kickoff man:

"We're all very proud of Gerry —he's a fine leader and a tremendous inspiration to the rest of the players. He goes all out in every game, fundamentally a very sound football player. He can tackle with the best of 'em and is a very good kicker."

Cougar Soph Way Ahead In Pass Catching

By The Associated Press

Washington State's Hugh Campbell is catching passes at a rate almost unprecedented in major college football. After eight games, the Cougar sophomore has snagged 53 for 712 yards and seven touchdowns, NCAA Service Bureau statistics showed today.

Only three players have caught more even during an entire season, and if Campbell can pass them in his two remaining games, he likely will become the third record-breaker this season.

Already one NCAA modern record has been broken and two have been tied, all in the kicking department. Ed Dyas, Auburn fullback, has kicked nine field goals, a record for one season, and his career total of 13 equals another record. Nolan Jones, Arizona State placekicker, has booted 22 points-after-touchdown without a miss, equalling the full-season record.

Campbell is 19 pass receptions and 385 yards ahead of his nearest rival, Duke's Tee Moorman.

Bald Eagle Is Favored In International Race

LAUREL, Md. (AP) — There was plenty of speculation today about which horse would go postward the favorite in the $100,000 Washington, D. C., International Friday at Laurel Park. Some say Bald Eagle, last year's winner, others like Harmonizing, and still others swing towards the French ace, Puissant Chef.

The calm advice is — don't let it worry you. After eight Internationals they're still waiting to greet a favorite in the winner's circle.

Most observers favored Bald Eagle, Capt. Harry F. Guggenheim's 5-year-old star, at around 7 to 5, with Henri Aubert's Puissant Chef 5-2 and another French horse, Hautain, 3-1. Harmonizing was tabbed at 10-1.

Then the official track program odds-maker threw this early line at the "experts" and this was the recipe:

Harmonizing, 5-2; Bald Eagle, 3-1; Puissant Chef, 4-1; and Hautain 10-1.

The Laurel management calls this the "Olympics of Racing," or "The Race of Distinction." It costs nothing for a horse to start, the track foots all the bills, and with the $100,000 purse, the figures runs close to $200,000.

Maz Misses A Birdie

SHAWNEE-ON-DELAWARE, Pa. (AP) — Pittsburgh World Series hero Bill Mazeroski hit the 18th green with his 200-yard tee shot but his 40-foot put for a birdie two was one-inch short of the cup. "I'll get the hang of this game yet," said the Pirates' 24-year-old second baseman. He had played golf only five times in his life — all this year.

Maz shot a 49 on the front side at Shawnee Inn's course, skipped five holes then parred three of the last four holes.

Well Handicapped

WINSTON-SALEM, N. C. (AP) — Ed Mock shot a 67, four-under-par, over the Tanglewood course—his best score in seven years of golfing.

A few days before he shot a 70, with a hole-in-one and an eagle on his card.

Ed is a lefthander — with an artificial left leg.

Sophs Help Wyoming

LARAMIE, Wyo. (AP) — Sophomores figure to aid Wyoming basketball this season. Al Eastland, 6-foot-8, averaged 20 points a game as a freshman. He's from Moline, Ill. Another highly regarded newcomer is Fred Gish, a 6-foot-4 forward from Cheyenne, Wyo.

Batboy Named Captain

HANOVER, N. H. (AP) — Jerry Foote, 21, a former batboy for the Kansas City Athletics, will captain Dartmouth's baseball team next spring. He replaces Dan Cilo of New Brunswick, N. J., who has left college.

Westgate Rolls To 6th Straight, Stops East Junior, 44-16

Baker, Battestelli Pace Attack On Muddy Field

Quarterback Chuck Baker and halfback Curt Battestelli carried Westgate to the mythical City Junior High football championship with a 44-16 victory over East Junior High Wednesday on a sloppy Patterson Field.

Some 900 fans braved a steady drizzle to see the city's two junior high teams meet in their fifth annual contest.

Westgate broke an 8-8 tie in the second quarter and then went on to administer the defeat.

The victory gave Bill Erlitz' Westgate team an undefeated season with six straight victories. East Junior High ended the campaign with a 4-2 record.

East Junior drew first blood in the city rivalry when Mike Spencer skirted end 20 yards to paydirt in the opening quarter. Bob Mercer ran over the extra points and staked the Panthers to an 8-0 lead.

Westgate bounced right back and climaxed a drive on a 10-yard touchdown pass from Baker to Earl Olmstead. Olmstead took another pass for the conversion which provided the 8-8 deadlock.

The "Gators" then grabbed a lead they never lost when Curt Battestelli shot over from five yards out and Olmstead took another conversion pass.

Westgate scored once more before the half ended on a brilliant 74-yard run by Baker.

In the second half, Battestelli scored his second and third touchdowns. He raced 40 yards for a TD, then later took a 35-yard touchdown pass from Baker.

The Westgate quarterback threw his third touchdown aerial of the afternoon to Dave Chetwynd on a play covering 30 yards.

Spencer tallied both TD's for East, getting his second on a dazzling 40-yard sprint, then plunged for the two-point conversion.

East lost the services of its top scorer Mercer in the second period when he was ejected from the game for unsportsmanlike conduct.

The triumph was the fourth for Westgate in five games with East Junior High.

Cincinnati Is Seeking Grid Coach

CINCINNATI (AP)—The University of Cincinnati, plagued with several medicre seasons, shrinking crowds and lack of interest in membership in a conference that has only four football - playing schools, started on the hunt today for a new football coach.

George Blackburn Wednesday quit the job—one he has handled since 1955. He still had a year to go on a three-year contract.

Blackburn, who said only that he believed his resignation would be in the best interest of all concerned, will handle the Bearcat grid team through its final two games of the season against Marquette and Miami.

It was too soon to tell who Athletic Director George Smith might have in mind as Blackburn's successor but several names quickly came up.

They included Nick Skorich, now a line coach with the Philadelphia Eagles of the National pro league; Lowell Storm, head coach at Springfield South High School; Harry (Mick) Connolly, former coach at Xavier and now an assistant at Holy Cross, and Doyt Perry, coach at Bowling Green State University.

Skorich and Storm both are former Cincinnati players.

The resignation of Blackburn, 47, was no great surprise. The Bearcats have lost five straight games and stand at 3-5 for the season. Two years ago the alumni "wolves" were howling for him even after a 6-2-2 season record.

Blackburn started 1960 with 21 won, 21 lost and 6 tied in his five years at U.C.

Some say Bald Eagle, last year's winner, others like Harmonizing, and still others swing towards the French ace, Puissant Chef.

The calm advice is — don't let it worry you. After eight Internationals they're still waiting to greet a favorite in the winner's circle.

Most observers favored Bald Eagle, Capt. Harry F. Guggenheim's 5-year-old star, at around 7 to 5, with Henri Aubert's Puissant Chef 5-2 and another French horse, Hautain, 3-1. Harmonizing was tabbed at 10-1.

Then the official track program odds-maker threw this early line at the "experts" and this was the recipe:

Harmonizing, 5-2; Bald Eagle, 3-1; Puissant Chef, 4-1; and Hautain 10-1.

The Laurel management calls this the "Olympics of Racing," or "The Race of Distinction." It costs nothing for a horse to start, the track foots all the bills, and with the $100,000 purse, the figures runs close to $200,000.

Maz Misses A Birdie

SHAWNEE-ON-DELAWARE, Pa. (AP) — Pittsburgh World Series hero Bill Mazeroski hit the 18th green with his 200-yard tee shot but his 40-foot put for a birdie two was one-inch short of the cup. "I'll get the hang of this game yet," said the Pirates' 24-year-old second baseman. He had played golf only five times in his life — all this year.

Maz shot a 49 on the front side at Shawnee Inn's course, skipped five holes then parred three of the last four holes.

Well Handicapped

WINSTON-SALEM, N. C. (AP) — Ed Mock shot a 67, four-under-par, over the Tanglewood course—his best score in seven years of golfing.

A few days before he shot a 70, with a hole-in-one and an eagle on his card.

Ed is a lefthander — with an artificial left leg.

Sophs Help Wyoming

LARAMIE, Wyo. (AP) — Sophomores figure to aid Wyoming basketball this season. Al Eastland, 6-foot-8, averaged 20 points a game as a freshman. He's from Moline, Ill. Another highly regarded newcomer is Fred Gish, a 6-foot-4 forward from Cheyenne, Wyo.

Batboy Named Captain

HANOVER, N. H. (AP) — Jerry Foote, 21, a former batboy for the Kansas City Athletics, will captain Dartmouth's baseball team next spring. He replaces Dan Cilo of New Brunswick, N. J., who has left college.

Wind Blown Ace

CHEYENNE, Wyo. (AP) — A 40-mile an hour wind was blowing in his face.

The flag had been blown down by the wind so she didn't know the location of the cup.

But Mrs. Marge Pilch smacked the ball across a corner of a lake on the 18th hole of Cheyenne municipal golf course.

She made a hole-in-one.

Noted Big 10 Official Dies

COLUMBUS, Ohio (AP)—E. C. (Irish) Krieger, a Big Ten football and basketball official for 25 years and nationally known as an interpreter of football rules, died today of a heart attack.

Krieger, who retired from active officiating in 1953, died in his home. He was 64.

Since 1953, Krieger has devoted almost full time to rules interpretation and supervision of Big Ten officials. He has written several books on rules interpretation and the mechanics of officiating.

Krieger was a member of the National Collegiate Athletic Association and of its national football rules committee.

A native of Columbus, Krieger graduated from Ohio University in 1920 where he played football. He later served on the coaching staffs of Ohio University, University of Tennessee and Bowling Green State University.

But it was as an official and as an interpreter of the complex football rule book that Krieger became nationally prominent in athletics.

He was an advisor to the National Football Association; a life member and advisor to the Ohio High School Athletic Association, Ohio Football Officials Association.

On several occasions, Krieger conducted officiating clinics for the armed forces at the request of the State Department.

He is survived by his widow, Harriett K.; a daughter, Mrs. John Keller; sons George A., Philip S. and Thomas C.; and eight grandchildren, all of Columbus. Also surviving is a sister, Mrs. Ruth Denning of Oakland, Calif.

Funeral arrangements are incomplete.

Out Of The Air

By MARIE TORRE

The Dean Martin Special

During a rare moment of candor, comedian Jerry Lewis explained why he prefers motion pictures to television with: "Did you ever drive a Model T as opposed to a Rolls Royce?"

Marie Torre

Not only a revelatory remark but also one symbolic of an attitude that is strangely peculiar to rich and independent Hollywood stars. Cinema folk drive through television in "Model Ts" all the time, the most recent excursion on record being "The Dean Martin Special" of the other night.

This, like most other Dean Martin specials, was based on the proposition that anything goes on television, except out West they call it "informality." (Oh, what mishmashes have been perpetrated in the name of "informality!")

-:-

THE FEATURED GUEST was that perennial Martin guest, Frank Sinatra, whom the restless natives of Holmby Hills call "our leader." The dialog revolved around girls and spirits (the bottled kind, of course); and the humor was relegated to intramural byplay, something like the local jokes in a fraternity house.

Except for the "Roaring '20s" segment with the saucy and talented Dorothy Provine and the concluding Martin-Sinatra duet, the show gave the viewer the distinct feeling that it was, for Martin, just a "hitch" between motion pictures, a "breeze," an easy way to get before the public and pick up some folding money without exerting the energies he obviously prefers to conserve for the more lucrative field of motion pictures.

But it's not only Martin who regards television as the lowlands of entertainment. Back in 1957, when Frank Sinatra signed a three-year contract with ABC, he seemed in earnest about TV. Before his first season was up, even his most avid follwers had to admit he was tossing off television with a shrug.

-:-

AND WHAT ABOUT the TV hosts and hostesses who embrace weekly shows strictly for profit — art be hanged!

Their participation in TV shows generally is confined to a handful of performances during a 39-week season, and the rest of the time they try to justify their billing by making a few innocuous opening and closing remarks on each week's show.

When Jerry Lewis announced his resignation from television last August, admitting that he had "wanted out for the last five years," his parting words were that the TV medium is "infantile" and filled with "incompetency."

In some respects, Lewis is right, but the "incompetency" is not entirely TV-bred. We're more inclined to believe that this "incompetency" is brought on by the very people who stoop to participate in a medium for which they have so low a regard. Have we no more pride?

Board Awaits Project Bids

The Western Beaver County Board of Education has adopted final resolutions concerning the water supply and sewage treatment for its proposed high school in Industry.

Out Of The Air

By MARIE TORRE

The Dean Martin Special

During a rare moment of candor, comedian Jerry Lewis explained why he prefers motion pictures to television with: "Did you ever drive a Model T as opposed to a Rolls Royce?"

Marie Torre

Not only a revelatory remark but also one symbolic of an attitude that is strangely peculiar to rich and independent Hollywood stars. Cinema folk drive through television in "Model Ts" all the time, the most recent excursion on record being "The Dean Martin Special" of the other night.

This, like most other Dean Martin specials, was based on the proposition that anything goes on television, except out West they call it "informality." (Oh, what mishmashes have been perpetrated in the name of "informality!")

-:-

THE FEATURED GUEST was that perennial Martin guest, Frank Sinatra, whom the restless natives of Holmby Hills call "our leader." The dialog revolved around girls and spirits (the bottled kind, of course); and the humor was relegated to intramural byplay, something like the local jokes in a fraternity house.

Except for the "Roaring '20s" segment with the saucy and talented Dorothy Provine and the concluding Martin-Sinatra duet, the show gave the viewer the distinct feeling that it was, for Martin, just a "hitch" between motion pictures, a "breeze," an easy way to get before the public and pick up some folding money without exerting the energies he obviously prefers to conserve for the more lucrative field of motion pictures.

But it's not only Martin who regards television as the lowlands of entertainment. Back in 1957, when Frank Sinatra signed a three-year contract with ABC, he seemed in earnest about TV. Before his first season was up, even his most avid follwers had to admit he was tossing off television with a shrug.

-:-

AND WHAT ABOUT the TV hosts and hostesses who embrace weekly shows strictly for profit — art be hanged!

Their participation in TV shows generally is confined to a handful of performances during a 39-week season, and the rest of the time they try to justify their billing by making a few innocuous opening and closing remarks on each week's show.

When Jerry Lewis announced his resignation from television last August, admitting that he had "wanted out for the last five years," his parting words were that the TV medium is "infantile" and filled with "incompetency."

In some respects, Lewis is right, but the "incompetency" is not entirely TV-bred. We're more inclined to believe that this "incompetency" is brought on by the very people who stoop to participate in a medium for which they have so low a regard. Have we no more pride?

Out Of The Air

By MARIE TORRE

The Dean Martin Special

During a rare moment of candor, comedian Jerry Lewis explained why he prefers motion pictures to television with: "Did you ever drive a Model T as opposed to a Rolls Royce?"

Marie Torre

Not only a revelatory remark but also one symbolic of an attitude that is strangely peculiar to rich and independent Hollywood stars. Cinema folk drive through television in "Model Ts" all the time, the most recent excursion on record being "The Dean Martin Special" of the other night.

This, like most other Dean Martin specials, was based on the proposition that anything goes on television, except out West they call it "informality." (Oh, what mishmashes have been perpetrated in the name of "informality!")

-:-

THE FEATURED GUEST was that perennial Martin guest, Frank Sinatra, whom the restless natives of Holmby Hills call "our leader." The dialog revolved around girls and spirits (the bottled kind, of course); and the humor was relegated to intramural byplay, something like the local jokes in a fraternity house.

Except for the "Roaring '20s" segment with the saucy and talented Dorothy Provine and the concluding Martin-Sinatra duet, the show gave the viewer the distinct feeling that it was, for Martin, just a "hitch" between motion pictures, a "breeze," an easy way to get before the public and pick up some folding money without exerting the energies he obviously prefers to conserve for the more lucrative field of motion pictures.

But it's not only Martin who regards television as the lowlands of entertainment. Back in 1957, when Frank Sinatra signed a three-year contract with ABC, he seemed in earnest about TV. Before his first season was up, even his most avid follwers had to admit he was tossing off television with a shrug.

-:-

AND WHAT ABOUT the TV hosts and hostesses who embrace weekly shows strictly for profit — art be hanged!

Their participation in TV shows generally is confined to a handful of performances during a 39-week season, and the rest of the time they try to justify their billing by making a few innocuous opening and closing remarks on each week's show.

When Jerry Lewis announced his resignation from television last August, admitting that he had "wanted out for the last five years," his parting words were that the TV medium is "infantile" and filled with "incompetency."

In some respects, Lewis is right, but the "incompetency" is not entirely TV-bred. We're more inclined to believe that this "incompetency" is brought on by the very people who stoop to participate in a medium for which they have so low a regard. Have we no more pride?

The Western Beaver County Board of Education has adopted final resolutions concerning the water supply and sewage treatment for its proposed high school in Industry.

The resolutions were forwarded to the State Public School building authority and Frank Meredith, supervising principal, reported the project is now ready for the SPSBA to advertise for bids.

Some $5,734.38 in bids were opened for school furniture, supplies and other equipment at a meeting Monday night.

The Kimmel Products Co. of New Castle was awarded a contract for $219 for 6 project tables for the Ray W. Snyder School. The William G. Johnston Co. of Pittsburgh was given a $1,306.50 contract to furnish 2 teacher desks and chairs and 50 student desks and chairs. The student equipment will be used at the Industry School.

The contract for school supplies was awarded Kurtz Brothers of Clearfield, Pa., for $2,401.88. A bid of $342 from N. F. Ruggeri & Son of Midland, for a hot water heater and necessary plumbing at the Industry School, was accepted.

A $1,456 contract for installation of a gas furnace at the Industry School was awarded the Wood Roofing & Heating Co. of Beaver Falls.

Bills totaling $77,663.29 were ordered paid. They included the semi-annual rent for the Snyder and Fairview Schools.

James P. McClaskey, president, presided. Next meeting is Dec. 5.

Travelogue To Include Views Of Canary Island

A visit with a Canary Island family which earns a living by making pottery is among stops in a film travelogue to be presented by Robert Davis at the Westgate School Saturday night at 8.

Sponsored by the Kiwanis Club, the program, narrated on the stage by Davis, will show many scenes on the islands located 75 miles off Africa's northwest coast.

The seven islands were named Canaria, from the Latin word Canis —dog—by the ancients who found large fierce dogs there. Canary birds were named for the islands.

The climax of the tour is the spectacle of Corpus Christi Day, the year's big event for the natives who prepare magnificent sand paintings and flower carpets.

A hi-fidelity sound track of music accompanies the film. Proceeds are used for club service projects, Rowland Kaufman, chairman, said.

Civil War Group's Meeting To Concern Bull Run Battles

Interested in the color, drama and historical background of the Civil War?

A graphic study of the first and second Battles of Bull Run is planned as a public program at a meeting of the Tri-State Civil War Roundtable Tuesday night at 7:30 in the Memorial Auditorium choir room.

Comparisons will be presented on the military operations, leaders, civilian attitudes, problems of supply and changes in the common soldiers of the North and South between the 2 battles of 1861 and 1862.

A large terrain map with movable troop symbols showing battlefield maneuvers will be utilized in representing the two engagements in Northern Virginia.

John Markanton of Apples Corners, Army Reserve captain, will outline the military operations; Judge Louis Tobin of East Liverpool will discuss supply and administrative problems, and James Pelley, East Liverpool assistant fire chief, will speak on the personalities and training of the commanders.

The roundtable, which meets monthly, is open to anyone in the immediate area of Pennsylvania, Ohio and West Virginia interested in the war of 1861-65, the centennial of which will be observed starting in January.

Civil War items are on display in a window of the Ogilvie Department Store.

Court Income Climbs $1,873

Municipal Court revenue totaled $4,972 in October, up $1,873 from the $3,099 shown in September, Clerk Wilbur J. Harmon said today in his monthly report.

The city's share of the income was $4,481, an increase of $1,932 from the $2,549 the city received out of the September revenue.

The city's share was made up of $614 in costs from civil cases; $3,651 in fines, costs and forfeitures in criminal actions and $215 from State Highway Patrol cases.

In addition to the amount paid the city, the court turned over $215 to the state as its share of Highway Patrol cases; $163 to the county, also from state cases, and $111 to the Law Library Association.

The total amount handled by the court hit $12,061 in October, a gain of $5,906 from the $6,155 of the preceding month. Out Of The Air

By MARIE TORRE

The Dean Martin Special

During a rare moment of candor, comedian Jerry Lewis explained why he prefers motion pictures to television with: "Did you ever drive a Model T as opposed to a Rolls Royce?"

Marie Torre

Not only a revelatory remark but also one symbolic of an attitude that is strangely peculiar to rich and independent Hollywood stars. Cinema folk drive through television in "Model Ts" all the time, the most recent excursion on record being "The Dean Martin Special" of the other night.

This, like most other Dean Martin specials, was based on the proposition that anything goes on television, except out West they call it "informality." (Oh, what mishmashes have been perpetrated in the name of "informality!")

-:-

THE FEATURED GUEST was that perennial Martin guest, Frank Sinatra, whom the restless natives of Holmby Hills call "our leader." The dialog revolved around girls and spirits (the bottled kind, of course); and the humor was relegated to intramural byplay, something like the local jokes in a fraternity house.

Except for the "Roaring '20s" segment with the saucy and talented Dorothy Provine and the concluding Martin-Sinatra duet, the show gave the viewer the distinct feeling that it was, for Martin, just a "hitch" between motion pictures, a "breeze," an easy way to get before the public and pick up some folding money without exerting the energies he obviously prefers to conserve for the more lucrative field of motion pictures.

But it's not only Martin who regards television as the lowlands of entertainment. Back in 1957, when Frank Sinatra signed a three-year contract with ABC, he seemed in earnest about TV. Before his first season was up, even his most avid follwers had to admit he was tossing off television with a shrug.

-:-

AND WHAT ABOUT the TV hosts and hostesses who embrace weekly shows strictly for profit — art be hanged!

Their participation in TV shows generally is confined to a handful of performances during a 39-week season, and the rest of the time they try to justify their billing by making a few innocuous opening and closing remarks on each week's show.

When Jerry Lewis announced his resignation from television last August, admitting that he had "wanted out for the last five years," his parting words were that the TV medium is "infantile" and filled with "incompetency."

In some respects, Lewis is right, but the "incompetency" is not entirely TV-bred. We're more inclined to believe that this "incompetency" is brought on by the very people who stoop to participate in a medium for which they have so low a regard. Have we no more pride?

Board Awaits Project Bids

The Western Beaver County Board of Education has adopted final resolutions concerning the water supply and sewage treatment for its proposed high school in Industry.

The resolutions were forwarded to the State Public School building authority and Frank Meredith, supervising principal, reported the project is now ready for the SPSBA to advertise for bids.

Some $5,734.38 in bids were opened for school furniture, supplies and other equipment at a meeting Monday night.

The Kimmel Products Co. of New Castle was awarded a contract for $219 for 6 project tables for the Ray W. Snyder School. The William G. Johnston Co. of Pittsburgh was given a $1,306.50 contract to furnish 2 teacher desks and chairs and 50 student desks and chairs. The student equipment will be used at the Industry School.

The contract for school supplies was awarded Kurtz Brothers of Clearfield, Pa., for $2,401.88. A bid of $342 from N. F. Ruggeri & Son of Midland, for a hot water heater and necessary plumbing at the Industry School, was accepted.

A $1,456 contract for installation of a gas furnace at the Industry School was awarded the Wood Roofing & Heating Co. of Beaver Falls.

Bills totaling $77,663.29 were ordered paid. They included the semi-annual rent for the Snyder and Fairview Schools.

James P. McClaskey, president, presided. Next meeting is Dec. 5.

Travelogue To Include Views Of Canary Island

A visit with a Canary Island family which earns a living by making pottery is among stops in a film travelogue to be presented by Robert Davis at the Westgate School Saturday night at 8.

Sponsored by the Kiwanis Club, the program, narrated on the stage by Davis, will show many scenes on the islands located 75 miles off Africa's northwest coast.

The seven islands were named Canaria, from the Latin word Canis —dog—by the ancients who found large fierce dogs there. Canary birds were named for the islands.

The climax of the tour is the spectacle of Corpus Christi Day, the year's big event for the natives who prepare magnificent sand paintings and flower carpets.

A hi-fidelity sound track of music accompanies the film. Proceeds are used for club service projects, Rowland Kaufman, chairman, said.

Civil War Group's Meeting To Concern Bull Run Battles

Interested in the color, drama and historical background of the Civil War?

A graphic study of the first and second Battles of Bull Run is planned as a public program at a meeting of the Tri-State Civil War Roundtable Tuesday night at 7:30 in the Memorial Auditorium choir room.

Comparisons will be presented on the military operations, leaders, civilian attitudes, problems of supply and changes in the common soldiers of the North and South between the 2 battles of 1861 and 1862.

A large terrain map with movable troop symbols showing battlefield maneuvers will be utilized in representing the two engagements in Northern Virginia.

John Markanton of Apples Corners, Army Reserve captain, will outline the military operations; Judge Louis Tobin of East Liverpool will discuss supply and administrative problems, and James Pelley, East Liverpool assistant fire chief, will speak on the personalities and training of the commanders.

The roundtable, which meets monthly, is open to anyone in the immediate area of Pennsylvania, Ohio and West Virginia interested in the war of 1861-65, the centennial of which will be observed starting in January.

Civil War items are on display in a window of the Ogilvie Department Store.

SALINEVILLE — A Kensington area man charged with permitting an unlicensed driver to operate his car and a district man cited for speeding were fined by Mayor Kenneth Leishman Wednesday night.

Earl Lee Frazier of Kensington R.D. 1 was fined $10 and costs for permitting a young woman to drive his auto without a valid permit. She wrecked the car and damaged a utility pole, and is slated for a hearing today in traffic court at the Courthouse at Lisbon.

Frazier said she showed him her temporary permit but he did not notice that it had expired in July.

Kensington Man Fined In Driver Permit Case

SALINEVILLE — A Kensington area man charged with permitting an unlicensed driver to operate his car and a district man cited for speeding were fined by Mayor Kenneth Leishman Wednesday night.

Earl Lee Frazier of Kensington R.D. 1 was fined $10 and costs for permitting a young woman to drive his auto without a valid permit. She wrecked the car and damaged a utility pole, and is slated for a hearing today in traffic court at the Courthouse at Lisbon.

Frazier said she showed him her temporary permit but he did not notice that it had expired in July.

Wayne Safreed of R. D. 1, cited Sept. 23 for speeding during a radar check, was fined $5 and costs.

John C. Fremont explored Utah's Great Salt Lake in 1843. His description influenced the Mormon pioneer, Brigham Young, to settle in the lake area.

Salineville Boys Cited On Late Halloweening

SALINEVILLE — Accused of "delayed Halloween" pranks, five boys, ranging from 12 to 14, were placed in the custody of their parents Wednesday by police in connection with the overturning of 2 outbuildings.

Police Chief Cleo Mellott said the youths upset buildings at the home of a woman who is ill and the home of another woman with a number of children.

Mellott said he plans to confer today with Juvenile Judge Louis Tobin concerning further disposition of the case. The chief said he has talked with parents of the boys.

In Wake Of Democratic Sweep

Republicans In State Jobs Figure Ousting By Barron

CHARLESTON (AP) — Some semblance of normalcy returned today to offices of West Virginia's elective officials in the wake of Tuesday's Democratic sweep at the polls.

Many Republicans at the statehouse figured they will be replaced once W. W. Barron, the attorney general elevated to governor, takes office next Jan. 16.

Adj. Gen. William E. Blake, an appointee of Republican Gov. Underwood, himself beaten in his attempt to unseat U. S. Sen. Jennings Randolph, wryly commented to a newsman:

"You might say that I'm like Casey Stengel (deposed New York Yankees manager) now. I'm out of a job, too."

Only a handful of precincts remained uncounted in the wearisome task of tabulating results of the general election.

Unofficial Associated Press results from 2,749 of the 2,751 precincts showed President - elect John F. Kennedy collected West Virginia's eight electoral votes with a 45,000-vote margin.

Kennedy received 440,913 votes to 395,918 for Vice President Richard M. Nixon.

Randolph polled 456,933 votes to Underwood's 367,747 in the U.S. Senate race.

Barron defeated Harold E. Neely, former Public Institutions Commissioner seeking his first elective office, 445,845 to 376,965 votes.

The voters gave Barron a solid Democratic corps of elective officials — including two members of the Supreme Court. His party will have an 81-18 edge in the House of Delegates and a 25-7 advantage in the Senate.

The state's two oldest circuit judges in point of service, Republicans J. H. Brennan in the 1st and Decatur Hedges Rodgers in the 23rd, were among three unseated.

Both Brennan and Rodgers were appointed in 1935. The third circuit judge defeated was J. J. P. O'Brien, a Democrat, also in the 1st circuit, the only one of the 29 with two judges.

Fewer voters went to the polls than the record 882,000 in 1952, but the percentage of registered eligibles who voted may set a record.

The final percentage likely will be 77 per cent, two more than in 1956 and 1952.

Some Republican officeholders still wondered what happened. One, who declined to be named, said:

"Neely just failed to create the image a candidate has to have to win. Barron didn't create an image, either, but the Democratic party did and he rode along with the tide."

Another GOP members in the statehouse added: "One thing certain, there won't be any question now about where the responsibility lies. The Democrats will have everything their way up here."

Reports By Three Jurors In Finch Trial Face Probe

LOS ANGELES (AP) — The district attorney will investigate reports by three jurors that the Finch murder trial jury No. 2 reached a partial verdict once but was directed by the judge to continue deliberating.

Three jurors said the panel agreed after a week and a half to convict Dr. R. Bernard Finch of second-degree murder and to declare itself deadlocked on the murder charge against Carole Tregoff.

They said Judge Le Roy Dawson sent word, on being told of their agreement, that they should continue to try to agree on a verdict against Miss Tregoff. The defendants are accused in the gunshot death of Finch's wife last year.

The jury was discharged Monday after saying it was deadlocked. The first trial of the physician and his ex-mistress also ended in a deadlock.

$100,000 Fire Hits In Pittsburgh Area

PITTSBURGH (AP) — A $100,000 fire swept sections of a large industrial building in Stowe Twp. Wednesday and for a time threatened to touch off thousands of gallons of oil stored inside.

The blaze broke out in a section housing the Rustic Stone Corp. Within minutes, flames spread to the roof of the adjoining Cities Service Oil Co. warehouse where the oil was stored.

Firemen from Stowe and Kennedy Twps., managed to stop the flames from spreading any further.

Several firemen were treated for smoke inhalation.

Damage was estimated by Stowe Twp. Fire Chief John Kocak at about $100,000. Cause of the blaze was not determined.

Only Morally Bound

Ohio's 25 GOP Electors Not Tied Legally To Nixon

COLUMBUS, Ohio (AP)—Ohio's 25 Republican presidential electors are bound morally—but not legally—to cast their votes for Vice President Richard M. Nixon when the Electoral College meets Dec. 19.

Because Nixon carried Ohio in Tuesday's election — although he lost to Sen. John F. Kennedy in national voting — the Republican presidential candidate got all of the state's 25 electoral votes.

That's the way it is in almost every state—the presidential nominee who gets the majority of the popular vote takes the entire electoral vote of that state.

In some states, though, like Georgia and Alabama, all or part of the Democratic electors were not pledged to support Kennedy. And those of them who were elected Tuesday could vote for anyone they choose.

The national popular vote does not necessarily decide the presidential election. The winning candidate must get a majority of the electoral votes. Each state has as many electoral votes as it has members of the U.S. House and Senate combined.

There are 537 electors representing the 50 states. Kennedy needed—and got—at least a majority (269) of those electoral votes pledged to him.

The electors in Ohio are chosen at the state conventions of each of the two major political parties. At these conventions last September, the Democrats and Republicans each named 25 electors.

The electors are nominated by committees at each of the state's political conventions and then convention delegates adopt a resolution approving those electors, ordinarily without opposition.

The 25 Republican electors chosen in September were pledged to Nixon and the 25 Democratic electors to Kennedy. Since Nixon got the majority of Ohio's popular vote, it will be the 25 Republican electors who will attend Ohio's version of the Electoral College meeting Dec. 19 in the office of the secretary of state.

But although they are morally bound to cast their electoral votes for Nixon—they vote individually and not as a unit—there is nothing in either state or federal law that requires them to do so. In fact, records show that on 41 occasions a state gave part of its electoral vote to one candidate and part to another.

In the event the Electoral College fails to give a majority of its vote to one candidate — the last time that happened was 135 years ago — the House of Representatives of the 87th Congress, which organizes Jan. 3, will elect the new president.

Chosen as Ohio's Republican electors were:

William H. Kreidler, Cincinnati; George F. Eyrich Jr., Cincinnati; Loren M. Berry, Dayton; Sam Milligan, Sidney; Charles J. Malone, Metamora; Charles A. Ferguson, Washington Court House; Charles J. Waggoner, Lebanon; Willard W. Wheatcraft, Galion; Raymond E. Hildebrand, Toledo; Homer M. Edwards, Ironton; Keith C. Stevens, Conneaut; Richard P. Niehoff, Columbus.

Ira L. Porter, Oberlin; J. E. L. MacAdam, Wadsworth; Charles M. Cain, Marietta; Raymond E. Dix, Wooster; Russell D. Porch, Mansfield; Dale Fulton, Martins Ferry; K. Calvin Sommer, Youngstown; Dr. Joseph M. Centanni, Cleveland Heights; Frederick M. Coleman, Cleveland; Otto Miller, Cleveland Heights; Francis V. May, Lakewood; Courtney Burton, Gates Mills, and Mrs. Susanne E. Geier, Cincinnati.

Scout Group Airs Projects

The membership drive of the Cherokee Boy Scout District and coming training events were discussed at a roundtable meeting Wednesday evening at the YMCA. Fifty attended.

Eugene Seeley, district commissioner, presided. Thomas Snow, district chairman, discussed the membership drive, along with Robert Gray, scout executive.

Coming training events include a session Sunday at 1:30 p. m. at the Chester Lions Clubhouse, for all adult scouters and leaders.

During the scoutmaster session, Seeley presided and plans for the "Polar Bear" encampment Jan. 6-8 were discussed. Snow was in charge of the cubmaster session and plans were discussed for a den chief's conference Nov. 19 at St. George's Parish Hall in Lisbon.

During the cubbing session, displays and crafts were shown by Mrs. Tom Snow, Mrs. Doris Locke and Mrs. Francis Ramsey, den mothers.

Pack 43 had the most members present and won the "Cherokee Kid" attendance prize figurine. It was accepted by Walt Silliman. A game prize was won by Chauncey Whiteman of Pack 20.

The next roundtable will be Dec. 14 at the YMCA.

Beaver Mothers Set Christmas Tea

Plans for a Christmas tea and a white elephant sale were made at a meeting of the Beaver Local Mothers Club Wednesday afternoon at the elementary school. Nineteen attended.

Both the tea and the sale will be held at the next meeting Dec. 7 at 1:15 p. m. at the school. All mothers, whose children attend the school, are invited.

Principal Roy Cashdollar spoke. Mrs. Leo Jenkins talked briefly on the Heart Fund drive.

The group decided that chairmen of homeroom mothers will collect donations from the school for Mrs. Jenkins, who is drive chairman for Middleton and Elkrun Townships.

Sixth grade mothers will serve refreshments for the Parent-Teacher Association Nov. 28.

Mrs. Iverna Cunningham, president, presided.

Late Reports To Boost Magazine Sale Fund

Late reports are expected to bring the total to $4,800, some $1,200 short of the goal, in the magazine sale conducted by East Liverpool High School students to raise funds for the Junior-Senior Prom, visual aid program and other student activities.

When final reports of $1,668 were received Wednesday, it boosted the total to $4,600. However, Bert A. Dawson, dean of boys who supervised the campaign, said some students will turn in money late to boost the amount an estimated $200.

Winners of the five capital prizes ranging from $50 to $20 will be announced later, along with other top salesmen, Dawson said.

To make their debuts, Tukuna Indian maidens of the Amazon must endure a hair - pulling ritual. Some girls weep as tufts of hair are jerked from their heads, but most show no sign of suffering.

Veterans Day Theme For Mt. Nebo Grange

LISBON — The Mt. Nebo Grange met Wednesday evening with "Veterans' Day" the theme for the program with Mrs. Mary Frantz, lecturer, in charge.

Roll call response was "My Plea for World Peace." A reading, "What Veteran's Day Means to Me" was given by A. L. Rudebock and "Sayings" by Mrs. Carl Bailey.

A report on the officers' conference and meeting held recently at the Clarkson Grange was given by Charles L. Morlan.

It was announced the Pomona Grange meeting will be held Nov. 19 at the Mt. Nebo Grange Hall.

The next meeting of the Grange will be Nov. 30, as the regular date falls on Thanksgiving.

Bringing Up A Family

By GARRY C. MEYERS

Tot Should Learn Hazard Of Matches

Many lives are lost and homes destroyed because children play with matches. Now and then a parent writes or a child as old as five, eight or ten, who has started one or more fires with matches. Sometimes he does it alone, sometimes with other children. Such a child needs to have matches and lighters kept away from him and to have no opportunity to start a fire without apprehension and immediate effective punishment. He needs constant supervision over a long period, guidance in creative and constructive fun; also enjoyment of worthwhile achievement, wholesome play with many other children of his own age and abundant security in a happy family atmosphere of understanding and love.

Dr. Garry Meyers

—:—

ALTHOUGH IT may be wholesome for this child to be permitted to strike a match in a normal situation, or use a lighter in the presence of an adult, it hardly would be if, on his urging, opportunities for him to do this were also improvised.

If all adults in the home were so dependable as always to leave matches and lighters out of the youngster's reach, the problem of educating him to avoid them might be easy. But nearly always there's someone who leaves his fire-starters lying around.

Go on keeping them out of the youngster's reach. Also teach him, by means of instant pain, never to touch or handle them, especially before the age of six.

Begin as soon as the child can creep and toddle. You may get quicker results if you purposely leave a lighter or box of matches at a certain place within his reach and center your efforts on teaching him to avoid it.

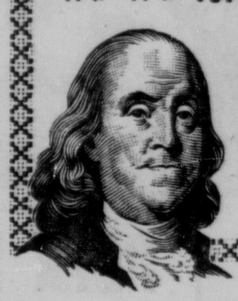

—:—

"SAY "NO!" just once as he reaches for it, instantly applying a sharp slap on his hand or thigh. Thereafter, never shout "No!" or pull him away. Say the word in a normal tone as information to be accompanied always with pain. Indeed, "No!" might well go unsaid by and by if pain occurs immediately and without exception.

Just as he hears "No!" and gets instant pain in connection with other forbidden acts, objects or places, aim always to have available some object or activity he may turn to with approval and satisfaction.

"and what do you want to be when you grow up?"

asked mother curly

"Why," replied Little Curly, "I want to be a Pioneer ham!"

"A *Pioneer* Ham?" asked Father in astonishment. "You're setting your sights mighty high!"

"I want you and Mommy to be real proud of me," said Little Curly. His chest swelled out with pride.

Tears came to Momma Curly's eyes. "My son, nothing could make us prouder. It's a singular honor to be selected as a Pioneer ham."

"But it's difficult," said Father shaking his head wisely. "Are you sure you want to try it? Many a pig has tried, and failed. It isn't easy, you know. You can be a ham anyway. You don't have to be a *Pioneer* ham!"

Little Curly looked very grown-up. He said philosophically, "I don't want to be just *any* ham; I want to be a *Pioneer* ham. Why be Prince Consort if you can be King!"

"Very well," said Father, a touch of emotion in his voice. "Be prepared to meet the tests. You'll have to be raised carefully, fed just the right diet, kept trim and healthy."

"Yes," said Momma, "You'll have to be the best, the *very* best, in every respect.

"You mean lean and tender?" asked Little Curly.

"That's right," said Momma Curly. Then, as though speaking to herself, she murmured softly, "Imagine, our very own son—a *Pioneer* ham! We'll be the envy of the barnyard!"

"Do you know what it means to be a *Pioneer* ham? The great responsibility of leadership? Do you know how to bear yourself with dignity, with pride, with devotion to your goal?" asked Father seriously.

"Yes indeed, Father," said Little Curly. "I know it's a great responsibility. I'll keep myself aloof from all things common to ordinary pigs. I'll eat a balanced diet. I'll be careful to associate only with pigs of the highest order. I won't let myself be contaminated in any way. You'll see!"

"By golly, son, with that determination you'll make it yet! Look to the future! Meet the highest standards in all Porkdom! Then, perhaps, you'll be worthy to be selected as a PIONEER ham . . . the finest ham in all the world!"

"I'll try hard, Daddy," said Little Curly, his jaunty snout held high in courage and pride.

"You do that," said Father Curly, and he pushed his head into the trough and started making slurping sounds.

Only Morally Bound

Ohio's 25 GOP Electors Not Tied Legally To Nixon

COLUMBUS, Ohio (AP)—Ohio's 25 Republican presidential electors are bound morally—but not legally—to cast their votes for Vice President Richard M. Nixon when the Electoral College meets Dec. 19.

Because Nixon carried Ohio in Tuesday's election — although he lost to Sen. John F. Kennedy in national voting — the Republican presidential candidate got all of the state's 25 electoral votes.

That's the way it is in almost every state—the presidential nominee who gets the majority of the popular vote takes the entire electoral vote of that state.

In some states, though, like Georgia and Alabama, all or part of the Democratic electors were not pledged to support Kennedy. And those of them who were elected Tuesday could vote for anyone they choose.

The national popular vote does not necessarily decide the presidential election. The winning candidate must get a majority of the electoral votes. Each state has as many electoral votes as it has members of the U.S. House and Senate combined.

There are 537 electors representing the 50 states. Kennedy needed—and got—at least a majority (269) of those electoral votes pledged to him.

The electors in Ohio are chosen at the state conventions of each of the two major political parties. At these conventions last September, the Democrats and Republicans each named 25 electors.

The electors are nominated by committees at each of the state's political conventions and then convention delegates adopt a resolution approving those electors, ordinarily without opposition.

The 25 Republican electors chosen in September were pledged to Nixon and the 25 Democratic electors to Kennedy. Since Nixon got the majority of Ohio's popular vote, it will be the 25 Republican electors who will attend Ohio's version of the Electoral College meeting Dec. 19 in the office of the secretary of state.

But although they are morally bound to cast their electoral votes for Nixon—they vote individually and not as a unit—there is nothing in either state or federal law that requires them to do so. In fact, records show that on 41 occasions a state gave part of its electoral vote to one candidate and part to another.

In the event the Electoral College fails to give a majority of its vote to one candidate — the last time that happened was 135 years ago — the House of Representatives of the 87th Congress, which organizes Jan. 3, will elect the new president.

Chosen as Ohio's Republican electors were:

William H. Kreidler, Cincinnati; George F. Eyrich Jr., Cincinnati; Loren M. Berry, Dayton; Sam Milligan, Sidney; Charles J. Malone, Metamora; Charles A. Ferguson, Washington Court House; Charles J. Waggoner, Lebanon; Willard W. Wheatcraft, Galion; Raymond E. Hildebrand, Toledo; Homer M. Edwards, Ironton; Keith C. Stevens, Conneaut; Richard P. Niehoff, Columbus.

Ira L. Porter, Oberlin; J. E. L. MacAdam, Wadsworth; Charles M. Cain, Marietta; Raymond E. Dix, Wooster; Russell D. Porch, Mansfield; Dale Fulton, Martins Ferry; K. Calvin Sommer, Youngstown; Dr. Joseph M. Centanni, Cleveland Heights; Frederick M. Coleman, Cleveland; Otto Miller, Cleveland Heights; Francis V. May, Lakewood; Courtney Burton, Gates Mills, and Mrs. Susanne E. Geier, Cincinnati.

The membership drive of the Cherokee Boy Scout District and coming training events were discussed at a roundtable meeting Wednesday evening at the YMCA. Fifty attended.

Eugene Seeley, district commissioner, presided. Thomas Snow, district chairman, discussed the membership drive, along with Robert Gray, scout executive.

Coming training events include a session Sunday at 1:30 p. m. at the Chester Lions Clubhouse, for all adult scouters and leaders.

During the scoutmaster session, Seeley presided and plans for the "Polar Bear" encampment Jan. 6-8 were discussed. Snow was in charge of the cubmaster session and plans were discussed for a den chief's conference Nov. 19 at St. George's Parish Hall in Lisbon.

During the cubbing session, displays and crafts were shown by Mrs. Tom Snow, Mrs. Doris Locke and Mrs. Francis Ramsey, den mothers.

Pack 43 had the most members present and won the "Cherokee Kid" attendance prize figurine. It was accepted by Walt Silliman. A game prize was won by Chauncey Whiteman of Pack 20.

The next roundtable will be Dec. 14 at the YMCA.

Beaver Mothers Set Christmas Tea

Plans for a Christmas tea and a white elephant sale were made at a meeting of the Beaver Local Mothers Club Wednesday afternoon at the elementary school. Nineteen attended.

Both the tea and the sale will be held at the next meeting Dec. 7 at 1:15 p. m. at the school. All mothers, whose children attend the school, are invited.

Principal Roy Cashdollar spoke. Mrs. Leo Jenkins talked briefly on the Heart Fund drive.

The group decided that chairmen of homeroom mothers will collect donations from the school for Mrs. Jenkins, who is drive chairman for Middleton and Elkrun Townships.

Sixth grade mothers will serve refreshments for the Parent-Teacher Association Nov. 28.

Mrs. Iverna Cunningham, president, presided.

Late Reports To Boost Magazine Sale Fund

Late reports are expected to bring the total to $4,800, some $1,200 short of the goal, in the magazine sale conducted by East Liverpool High School students to raise funds for the Junior-Senior Prom, visual aid program and other student activities.

When final reports of $1,668 were received Wednesday, it boosted the total to $4,600. However, Bert A. Dawson, dean of boys who supervised the campaign, said some students will turn in money late to boost the amount an estimated $200.

Winners of the five capital prizes ranging from $50 to $20 will be announced later, along with other top salesmen, Dawson said.

To make their debuts, Tukuna Indian maidens of the Amazon must endure a hair - pulling ritual. Some girls weep as tufts of hair are jerked from their heads, but most show no sign of suffering.

Veterans Day Theme For Mt. Nebo Grange

A report on the officers' conference and meeting held recently at the Clarkson Grange was given by Charles L. Morlan.

It was announced the Pomona Grange meeting will be held Nov. 19 at the Mt. Nebo Grange Hall.

The next meeting of the Grange will be Nov. 30, as the regular date falls on Thanksgiving.

Bringing Up A Family

By GARRY C. MEYERS

Tot Should Learn Hazard Of Matches

Many lives are lost and homes destroyed because children play with matches. Now and then a parent writes or a child as old as five, eight or ten, who has started one or more fires with matches. Sometimes he does it alone, sometimes with other children. Such a child needs to have matches and lighters kept away from him and to have no opportunity to start a fire without apprehension and immediate effective punishment. He needs constant supervision over a long period, guidance in creative and constructive fun; also enjoyment of worthwhile achievement, wholesome play with many other children of his own age and abundant security in a happy family atmosphere of understanding and love.

Dr. Garry Meyers

—:—

ALTHOUGH IT may be wholesome for this child to be permitted to strike a match in a normal situation, or use a lighter in the presence of an adult, it hardly would be if, on his urging, opportunities for him to do this were also improvised.

If all adults in the home were so dependable as always to leave matches and lighters out of the youngster's reach, the problem of educating him to avoid them might be easy. But nearly always there's someone who leaves his fire-starters lying around.

Go on keeping them out of the youngster's reach. Also teach him, by means of instant pain, never to touch or handle them, especially before the age of six.

Begin as soon as the child can creep and toddle. You may get quicker results if you purposely leave a lighter or box of matches at a certain place within his reach and center your efforts on teaching him to avoid it.

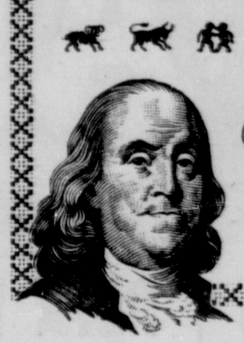

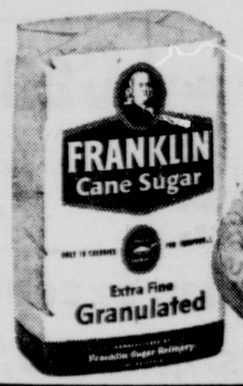

—:—

"SAY "NO!" just once as he reaches for it, instantly applying a sharp slap on his hand or thigh. Thereafter, never shout "No!" or pull him away. Say the word in a normal tone as information to be accompanied always with pain. Indeed, "No!" might well go unsaid by and by if pain occurs immediately and without exception.

Just as he hears "No!" and gets instant pain in connection with other forbidden acts, objects or places, aim always to have available some object or activity he may turn to with approval and satisfaction.

My bulletins, "First Steps in Safety" and "Love and Restraint", may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

Offers Of Jobs Are Pouring In For Nixon

By JOE F. KANE

WASHINGTON (AP) — Several universities, law firms and corporations already have offered positions to Vice President Richard M. Nixon, an aide says.

But his press secretary, Herbert G. Klein, said Wednesday night he had absolutely no idea what Nixon plans to do after leaving the vice presidency next Jan. 20.

There was no immediate word on any possibility of his remaining in politics.

The Nixons were cheered Wednesday night by a crowd of about 500 when they returned by jet airliner from California. With the vice president and his wife were their two daughters, Tricia, 14, and Julie, 12.

For Nixon, it was the end of a 64,000-mile quest for the presidency in which the grand prize had gone to Democrat John F. Kennedy.

In the airport crowd greeting the Nixons were Secretary of State Christian A. Herter, Atty. Gen. William P. Rogers and Lt. Col. John Eisenhower, son of the President, and his wife, Barbara. The President had left during the the day for a golfing vacation in Augusta, Ga.

Nixon told the greeters that the airport turnout was "the nicest thing that's happened to us in the whole campaign." Mrs. Nixon nodded agreement, and the crowd applauded.

Newsmen aboard the plane did not have an opportunity to question the vice president about his future plans, or anything else. But Klein said Nixon had received quite a sheaf of telegrams offering him positions before he left Los Angeles.

Klein said he knew nothing about Nixon's plans for the next few days, but speculated that the Nixons probably would want to get away soon for a vacation.

School Bus Drivers' Dinner Slated Nov. 17

The second annual dinner for Columbiana County school bus drivers and mechanics will be held Nov. 17 at Salem High School and some 160 are expected to attend, including school administrators and Board of Education members from the city, village and county school systems.

John Parson, director of transportation for the Ohio Board of Education, will be guest speaker and a State Highway patrolman will discuss this year's bus inspection for the clinic for the drivers.

Reservations must be made by Friday with Darrel M. Fadely, assistant school superintendent at Salem. The event is sponsored by the Columbiana County Motor Club with the drivers and mechanics as its guests. Last year's event was held in East Liverpool.

"and what do you want to be when you grow up?"

asked mother curly

"Why," replied Little Curly, "I want to be a Pioneer ham!"

"A *Pioneer* Ham?" asked Father in astonishment. "You're setting your sights mighty high!"

"I want you and Mommy to be real proud of me," said Little Curly. His chest swelled out with pride.

Tears came to Momma Curly's eyes. "My son, nothing could make us prouder. It's a singular honor to be selected as a Pioneer ham."

"But it's difficult," said Father shaking his head wisely. "Are you sure you want to try it? Many a pig has tried, and failed. It isn't easy, you know. You can be a ham anyway. You don't have to be a *Pioneer* ham!"

Little Curly looked very grown-up. He said philosophically, "I don't want to be just *any* ham; I want to be a *Pioneer* ham. Why be Prince Consort if you can be King!"

"Very well," said Father, a touch of emotion in his voice. "Be prepared to meet the tests. You'll have to be raised carefully, fed just the right diet, kept trim and healthy."

"Yes," said Momma, "You'll have to be the best, the *very* best, in every respect.

"You mean lean and tender?" asked Little Curly.

"That's right," said Momma Curly. Then, as though speaking to herself, she murmured softly, "Imagine, our very own son—a *Pioneer* ham! We'll be the envy of the barnyard!"

"Do you know what it means to be a *Pioneer* ham? The great responsibility of leadership? Do you know how to bear yourself with dignity, with pride, with devotion to your goal?" asked Father seriously.

"Yes indeed, Father," said Little Curly. "I know it's a great responsibility. I'll keep myself aloof from all things common to ordinary pigs. I'll eat a balanced diet. I'll be careful to associate only with pigs of the highest order. I won't let myself be contaminated in any way. You'll see!"

"By golly, son, with that determination you'll make it yet! Look to the future! Meet the highest standards in all Porkdom! Then, perhaps, you'll be worthy to be selected as a PIONEER ham . . . the finest ham in all the world!"

"I'll try hard, Daddy," said Little Curly, his jaunty snout held high in courage and pride.

"You do that," said Father Curly, and he pushed his head into the trough and started making slurping sounds.

Offers Of Jobs Are Pouring In For Nixon

By JOE F. KANE

WASHINGTON (AP) — Several universities, law firms and corporations already have offered positions to Vice President Richard M. Nixon, an aide says.

But his press secretary, Herbert G. Klein, said Wednesday night he had absolutely no idea what Nixon plans to do after leaving the vice presidency next Jan. 20.

There was no immediate word on any possibility of his remaining in politics.

The Nixons were cheered Wednesday night by a crowd of about 500 when they returned by jet airliner from California. With the vice president and his wife were their two daughters, Tricia, 14, and Julie, 12.

For Nixon, it was the end of a 64,000-mile quest for the presidency in which the grand prize had gone to Democrat John F. Kennedy.

In the airport crowd greeting the Nixons were Secretary of State Christian A. Herter, Atty. Gen. William P. Rogers and Lt. Col. John Eisenhower, son of the President, and his wife, Barbara. The President had left during the the day for a golfing vacation in Augusta, Ga.

Nixon told the greeters that the airport turnout was "the nicest thing that's happened to us in the whole campaign." Mrs. Nixon nodded agreement, and the crowd applauded.

Newsmen aboard the plane did not have an opportunity to question the vice president about his future plans, or anything else. But Klein said Nixon had received quite a sheaf of telegrams offering him positions before he left Los Angeles.

Klein said he knew nothing about Nixon's plans for the next few days, but speculated that the Nixons probably would want to get away soon for a vacation.

School Bus Drivers' Dinner Slated Nov. 17

The second annual dinner for Columbiana County school bus drivers and mechanics will be held Nov. 17 at Salem High School and some 160 are expected to attend, including school administrators and Board of Education members from the city, village and county school systems.

John Parson, director of transportation for the Ohio Board of Education, will be guest speaker and a State Highway patrolman will discuss this year's bus inspection for the clinic for the drivers.

Reservations must be made by Friday with Darrel M. Fadely, assistant school superintendent at Salem. The event is sponsored by the Columbiana County Motor Club with the drivers and mechanics as its guests. Last year's event was held in East Liverpool.

Joan Fontaine Cites Cruelty In Divorce Suit

LOS ANGELES (AP)—Actress Joan Fontaine has sued her third husband, film producer Collier Young, for divorce Wednesday charging cruelty.

She said she has suffered mentally and physically from his treatment. They were married Nov. 12, 1952 and separated last May 30. Miss Fontaine is 43. Young is 48.

Agricultural Society Will Elect On Nov. 17

LISBON — Officers will be elected when the Columbiana County Agriculture Society meets Nov. 17 at 8 p. m. in the County extension service office.

Richard Stamp of Butler Township is president.

Next year's fair dates, subject to approval by the state fair commissioner, will be discussed, Clarence Crosser, secretary, said.

In 1935 there were only 46 adult trumpeter swans in the United States. Now, thanks to conservation, their numbers have grown to 1,500.

You Can Trade-In Your Old Furniture As You Would Your Old Car

Read The Facts

Now your old furniture can help pay for the beautiful new furniture you've been wanting

"The trouble with furniture" people say "is that it costs too much and lasts too long."

Soundly built furniture seems to refuse to "wear out". Relatively few families are in a position to discard usable furniture, to give it away or sell it for peanuts, in order to refurnish their homes with the beautiful new things they see in our store and in our advertisements. That's what makes this announcement of Smith and Phillips Trade-In plan of such significance to homemakers in this area.

Smith & Phillips will appraise your old furniture, tell you how large a trade-in allowance you can receive.

No "gimmicks," no "sleight of hand," no "flat allowances" offered regardless of the value of your furniture, no prices inflated to absorb the allowance you receive. You dial Smith & Phillips FU 5-1215. We send an appraiser to your home without the slightest obligation to you whatsoever. You then visit your Smith & Phillips store. You choose the furniture you want from one of the largest, finest, most value-conscious collections in East Liverpool. You deduct your Trade-In allowance from the prices on the tags—and if you prefer, you arrange payment of the balance to suit your convenience.

Some questions and answers

We've been discussing this plan with some of our customers. They've asked some questions that may be occurring to you now. Here they are!

Can I come in to see whether I can find the new furniture I want before you send an appraiser to my home?

Of course. You are decidedly welcome to visit your Smith & Phillips store (and if you haven't shopped Smith & Phillips lately, you're in for an eye-opening treat!) After you have made your selection, we can arrange to have an appraiser call at your home.

What if I decide not to make a purchase after you make an appraisal?

You are under no obligation at any time. If you decide not to make a purchase, we'll thank you for having given us an opportunity to be of service—and hope that you'll give us another opportunity some time soon.

May I trade-in any suite of furniture I own toward the purchase of a new suite?

Yes. For example, you can trade-in your old living room suite toward the purchase of a new living room suite; you can trade in your old bedroom for a new bedroom. Or you can trade-in your old bedroom suite for a new living room.

And here's the $64,000 question! If your prices are as low as they possibly can be, how can you afford to offer trade-in allowances?

You know what happens to your old car when you trade it in. That's exactly what will happen to your old furniture. We plan to recondition it and resell it through our Used Furniture Departments. Our trade-in allowance will not be price discounts. They represent actual value we expect to recover through the resale of your old furniture.

May I trade-in my furniture and not purchase anything immediately?

Yes. For example, you may wish to have that old sofa out of your way, but may not be able to purchase anything right away. We will appraise the sofa and allow you an amount toward the purchase of a certain amount in the future. Let us say we allow $30.00 for the old sofa on the purchase of $150.00 at any time in the future. Your account will be marked with a credit of $30.00. If your next purchase is for $75.00 we apportion the credit or in other words, we will allow you $15.00 at that time and you will still have $15.00 credit due on $75.00 worth of purchase. Many persons have taken advantage of this unique trade-in plan in the past, but some of you may not have known of it.

You Can Trade-In Your Old Furniture As You Would Your Old Car

Read The Facts

Now your old furniture can help pay for the beautiful new furniture you've been wanting

"The trouble with furniture" people say "is that it costs too much and lasts too long."

Soundly built furniture seems to refuse to "wear out". Relatively few families are in a position to discard usable furniture, to give it away or sell it for peanuts, in order to refurnish their homes with the beautiful new things they see in our store and in our advertisements. That's what makes this announcement of Smith and Phillips Trade-In plan of such significance to homemakers in this area.

Smith & Phillips will appraise your old furniture, tell you how large a trade-in allowance you can receive.

No "gimmicks," no "sleight of hand," no "flat allowances" offered regardless of the value of your furniture, no prices inflated to absorb the allowance you receive. You dial Smith & Phillips FU 5-1215. We send an appraiser to your home without the slightest obligation to you whatsoever. You then visit your Smith & Phillips store. You choose the furniture you want from one of the largest, finest, most value-conscious collections in East Liverpool. You deduct your Trade-In allowance from the prices on the tags—and if you prefer, you arrange payment of the balance to suit your convenience.

Some questions and answers

We've been discussing this plan with some of our customers. They've asked some questions that may be occurring to you now. Here they are!

Can I come in to see whether I can find the new furniture I want before you send an appraiser to my home?

Of course. You are decidedly welcome to visit your Smith & Phillips store (and if you haven't shopped Smith & Phillips lately, you're in for an eye-opening treat!) After you have made your selection, we can arrange to have an appraiser call at your home.

What if I decide not to make a purchase after you make an appraisal?

You are under no obligation at any time. If you decide not to make a purchase, we'll thank you for having given us an opportunity to be of service—and hope that you'll give us another opportunity some time soon.

May I trade-in any suite of furniture I own toward the purchase of a new suite?

Yes. For example, you can trade-in your old living room suite toward the purchase of a new living room suite; you can trade in your old bedroom for a new bedroom. Or you can trade-in your old bedroom suite for a new living room.

And here's the $64,000 question! If your prices are as low as they possibly can be, how can you afford to offer trade-in allowances?

You know what happens to your old car when you trade it in. That's exactly what will happen to your old furniture. We plan to recondition it and resell it through our Used Furniture Departments. Our trade-in allowance will not be price discounts. They represent actual value we expect to recover through the resale of your old furniture.

May I trade-in my furniture and not purchase anything immediately?

Yes. For example, you may wish to have that old sofa out of your way, but may not be able to purchase anything right away. We will appraise the sofa and allow you an amount toward the purchase of a certain amount in the future. Let us say we allow $30.00 for the old sofa on the purchase of $150.00 at any time in the future. Your account will be marked with a credit of $30.00. If your next purchase is for $75.00 we apportion the credit or in other words, we will allow you $15.00 at that time and you will still have $15.00 credit due on $75.00 worth of purchase. Many persons have taken advantage of this unique trade-in plan in the past, but some of you may not have known of it.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I could make a million off my life's story, but it's so fantastic nobody would believe it.

I met this man in a bus depot. (I'll call him Clark because he did look a little like Gable.) I was coming home from a trip and there he was, hungry, broke and homeless. I talked to him for a long time and he seemed refined and educated.

I know you'll say I was foolish but I took him home. I'm a widow without chick or child and I have a nice, well-paying job.

I helped Clark find work, bought him a good suit and gave him free room and board. In return he gave me affection and was grand company.

For two years he accepted my hospitality. I was sure he'd ask me to marry him eventually.

Last week the shock came. He told me he was going to marry the woman across the street. I had no idea he was even seeing her. Are there any decent men left?—HOODWINKED.

-:-

Dear Hood: There are plenty of decent men left — but they aren't moving into womens' homes and sponging room and board in exchange for their "grand company."

If you wanted to help the man you should have found him a job and not gone for the rooming-in arrangement.

Out Of Order

Dear Ann: I'm the spokesman for four college sophomores aged 19—two boys and two girls.

We planned a weekend trip together, about 200 miles from here. We thought it best to tell our parents well in advance. Well, we were shocked to learn that they were all against it. They said it wouldn't look nice and that we couldn't go.

We are all good, clean kids and be on our side and print the answer.—MISUNDERSTOOD.

-:-

Dear Misunderstood: I am on your side, and this is why I must tell you that two teenage couples should not be going off on an unchaperoned weekend.

I'm not suggesting that you can't be trusted. You may well have the highest standards in town. But if you want to be considered respectable you must live within the framework of society's conventions.

Young girls have lost their heads under less attractive circumstances than you describe. They didn't intend to, but the temptation was overpowering and the controls went out the window.

If you are intent on the trip, invite one set of parents along. They won't cramp your style.

One Sour Note

Dear Ann: I have a friend who has offered to sing at my wedding. Before you tell me, "That's nice" I'd like to tell you she can't carry a tune in a bucket.

She has brought up this subject four times and I don't know what to say to her. She's a very nice person, although quite pushy, but we've been close for years and I would hate to lose her friendship.

My mother says I should let her sing and that people will know she's not a professional but a friend who is singing for sentimental reasons. I don't want her to sing. What shall I do?—CORNERED.

Dear Cornered: Engage a professional violinist, organist or haripst at once. And ask your friend to be a bridesmaid.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

How Can I?

By ANNE ASHLEY

Q. Is there any way to remove scorch stains from garments?

A. If the material is white cotton or linen, moistening it and exposing to direct sunlight may take the discoloration out — provided the scorch is a light one. Unfortunately, scorch can seldom be removed from colored articles.

Q. How can I prevent ice crystals from forming on the top of my ice cream when I make it in my refrigerator?

A. Wrap your tray in waxed paper as soon as the ice cream is frozen, and lower the temperature control. Beating the ice cream thoroughly several times while it is freezing gives it a finer texture.

Q. How can I minimize the drip of candles?

A. Place the candles in the refrigerator for a couple of days before using. They'll burn twice as long, and will have a minimum of dripping.
